EPA Reg. No. 2724-460

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON CATS**

HOW ZOECON 9207 COLLAR WORKS

Zoecon 9207 Collar is specifically designed to kill only flea eggs. To kill adult fleas on your pet, this collar may be used in conjunction with any other {insert brand name} on-animal product designed to kill adult fleas. 9207 Collar is a Ring of Prevention {Protection} against flea build-up in your home. Since the collar kills flea eggs on your pet, your home is protected from future flea build-up. To kill adult fleas in your home and yard, use other {insert brand name} flea control products.

UNIQUE FEATURE

The expandable section molded into the collar will stretch and allow your cat to free itself if it becomes hooked {or entangled} by the collar. {Since the plastic buckle is molded into the collar, the probability of neck irritation and buckle failure is reduced.}

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands and any contacted clothing thoroughly with soap and water after handling. If collar comes into contact with eyes, flush eyes with water. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur remove collar and bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Do not use on kittens under 12 weeks of age. Consult a veterinarian before using this product on animals on medication, debilitated, aged, pregnant or nursing animals.

DIRECTIONS FOR USE - It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not open package until ready to use. Do not allow children to handle or play with this collar.

- Thread flat end of the collar through buckle hole and tighten, so that at least two ridges are covered by the buckle. Make sure you can insert two fingers easily between collar and cat's {kitten's} neck.
- Cut off any excess length. Wrap in paper and put in trash.
- When collar is first worn, observe neck area every few days for irritation. Remove collar at the first sign of irritation. {To release the collar, squeeze sides of buckle between thumb and finger and pull sharply.} Replace collar every 12 months if necessary.

STORAGE AND DISPOSAL: Store in original, unopened container, away from children. Do not reuse container or used collar. Wrap in paper and put in trash.

WARRANTY AND CONDITIONS OF SALE: Seller makes no warranty, express or implied, concerning the use and handling of this product other than indicated on the label. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.
