Net Contents:

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON [DOGS][PUPPIES][HORSES][PONIES]**

[Zoecon 9307 contains PRECOR® [vIGRen®] Insect Growth Regulator which effectively kills botfly eggs that have been glued to the hairs on the forelegs, shoulders, and faces of horses by adult botflies (*Gastrophilus* spp.). If left untreated, botfly larvae emerge from these eggs and are taken into the mouth of the horse. After botfly larvae are swallowed they attach to the stomach and small intestinal linings in tremendous numbers where they can remain for months before passing out in the feces. Adult botflies emerge from pupae in the soil to begin the cycle all over again. Botflies have been implicated as a cause of some stomach and intestinal conditions in horses.]

DIRECTIONS FOR USE - It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING.

FOR DOGS: Recommended dosage rate is [1 to 2 squeezes of the trigger sprayer][1 to 2 seconds of spray][0.1 ounce] per pound of body weight. Cover animal's eyes with hand and [with a firm, fast stroke,] spray head, ears, and chest until damp. With cloth, rub into face around mouth, nose, and eyes. Then spray the neck, middle, and hindquarters, finishing with legs last. For best penetration, spray against natural lay of the hair. On a heavily coated animal, ruffle the coat and spray against the lay of the hair. Make sure spray thoroughly wets ticks. Reapply every 28 days [1 month], if necessary.

FOR PUPPIES: Puppies may be treated by wrapping the animal in a towel which has been lightly sprayed. Leave eyes, nose, and mouth exposed. Keep the animal wrapped for 5 to 10 minutes. Adult fleas may then be removed from the coat by picking or combing. Larger-size puppies (over 3 lbs.) may also be treated the same as dogs with [1 to 2 squeezes of the trigger sprayer][1 to 2 seconds of spray][0.1 ounce] per pound of body weight. Reapply every 28 days [1 month], if necessary. Do not allow animal to become chilled. Do not use on puppies under 12 weeks of age.

[FOR HORSES AND PONIES

For Flies: Remove excess dirt and dust by brushing coat. Apply spray directly to horse's coat giving particular attention to legs, shoulders, flanks, neck and topline. To treat face, dampen a cloth with spray and rub on face and head, being careful to avoid eyes. Repeat every two months as necessary. Do not treat horses destined for food.]

[FOR PREVENTION OF HATCH OF HORSE BOTFLY EGGS: Spray any infested areas directly at the first sign of visible eggs, paying particular attention to legs, and shoulders, flanks, neck, and topline. Spray to the point of dampness but not to the point of runoff of the spray. For a high degree of botfly egg control, spray animals every 3-5 days during the botfly season.]

STORAGE and DISPOSAL: **Storage:** Do not store near heat or open flame. Store away from children. **Disposal: If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. May cause skin sensitization in rare cases with repeated use. Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing or medicated animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur: bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

4/5

FIRST AID: If on skin, remove contaminated clothing and wash affected areas with soap and water. Get medical attention if irritation persists. If in eyes, flush with plenty of water. Get medical attention if irritation persists.

PHYSICAL HAZARDS: Combustible. Do not use or store near heat or open flame.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.

SUBJECT: NOTIFICATION OF LABEL REVISION PER PRN 2001-6
FOR ZOËCON® 9307 PET SPRAY
EPA REG. NO. 2724-462

Dear Mr. Johnson:

Enclosed is completed EPA Form 8570-1 and one copy of revised labeling for the above product. I have included a clean copy along with a highlighted copy (red is new text, blue [strikeout] is deleted text). Exact Storage and Disposal text as shown in the PRN was used.

If you have any questions or if I can provide any further assistance, please, call me directly at 847/330-5376 or contact me via email at nancy.huebl@wellmarkint.com. Thank you for your assistance in this matter.

Yours sincerely,
WELLMARK INTERNATIONAL
