Call a poison control center or doctor immediately for treatment advice.	
If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-248-7763 for emergency medical treatment information.	

[Note: First Aid statement paragraph format may be used if space is limited.]

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

Avoid hand - or sleeve-to-face exposure. Only for formulation into an insecticide for the following use(s): (1) perimeter treatments to include outdoor surfaces, containerized nursery stock, woody and herbaceous ornamentals, ant mound treatments, greenhouse application, indoor ornamentals, flower and foliage cuttings, impregnated materials for apiary disease management, and the Special Local Needs (SLN) registration for use on carrots and brassica/cole crops grown for seed in California (1); (2) uses for which US Environmental Protection Agency has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and (3) uses for experimental purposes that are in compliance with US Environmental Protection Agency requirements.

This product may be used to formulate products for specific uses not listed on the MP label if the formulator, user group, or grower has complied with US EPA data submission requirements regarding support of such uses.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. In case of spill or leak, ventilate area well, then soak up with soil or other absorbent material.

PESTICIDE STORAGE: Store in a cool, dry place. Always store pesticides in the original container. Keep pesticide storage areas clean. Storage areas must be locked and secure from vandalism, with precautionary signs posted. The storage area must be dry, well-lit and well-ventilated. Clean up any spills promptly. **PESTICIDE DISPOSAL:** To avoid wastes, use all material in this container by formulation according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

CONTAINER HANDLING : Non-refillable container. Do not reuse or refill this container. Triple rinse as follows. Empty the remaining contents into formulation equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container $\frac{1}{4}$ full with water and recap. Shake for 10 seconds. Pour rinsate into formulation equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

WARRANTY AND CONDITIONS OF SALE

To the extent consistent with applicable law, Seller warrants that the chemical composition of this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. To the extent consistent with applicable law, Seller makes no other warranty, express or implied, concerning the use of this product other than as indicated on the label. To the extent consistent with applicable law, Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given on the label.
