EPA Reg. No. 2724-490
Net Contents:

EPA Est. No.

RF 9910 aerosol kill adult fleas, hatching flea eggs and ticks, cockroaches, and ants. PRECOR®, [vIGRen®] [S-methoprene], the unique ingredient in [Brand Name] provides 7 months' [210 days][30 weeks] protection by preventing eggs from ever developing into biting fleas. For best results, use [Brand Name] aerosol with [Brand Name] on-animal products for complete control of fleas and ticks.

**READ ENTIRE LABEL BEFORE USE.
NOT FOR USE ON HUMANS OR PETS.**

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

FOR USE IN THE HOME/GARAGE/KENNEL

1. **Identify treatment areas**, especially those where pets frequent, such as in and around pet's sleeping and resting areas. These are the primary areas where fleas, their eggs, and ticks are found. Before treatment, a test application should be made to upholstery, drapery, light-colored, delicate fabrics, or wood surfaces in an inconspicuous place.
2. **Prepare treatment areas.** All food processing surfaces and utensils should be covered during treatment or thoroughly washed after product use. Exposed food should be covered or removed. Remove pets, and cover and unplug aquariums before spraying. Remove motor vehicles before using in garages. For best results with Surface/Carpet treatments, vacuum thoroughly before spraying and discard vacuum bag in outside trash. This product may also be used for infested surfaces inside motor vehicles.
3. **Apply treatment.** For [light] flea/tick infestations, a single can (16 oz./8 oz.) treats 2000/1000 square feet. [For established flea [tick] infestations and for continued control of fleas [ticks] for 10 to [up to] 14 days, a single can (16 oz./8 oz.) treats 500/250 square feet.] Hold container upside down 2-3 feet from surface, point actuator towards the surface and push button. Using a sweeping motion, apply a light uniform spray to all surfaces of furniture, rugs, carpets, drapes, and around all pet resting areas. Avoid thoroughly wetting surfaces. Mist treated areas only until "slightly damp". Do not over-treat. Reapply in 14 days, if necessary. **IMPORTANT:** Only complete and proper application to carpets, upholstery, drapes, and other fabrics will provide thorough flea [tick] elimination. Keep children and pets out of areas during treatment. Vacate room after treatment, and ventilate until surfaces are dry before reoccupying.
4. For best results, eliminate fleas/ticks on your pet with appropriate [Brand Name] on-animal products.

For cockroaches: Spray into hiding places such as cracks, crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible.

For ants: Spray trails, nests, and points of entry. Spray on ants where possible.

STORAGE and DISPOSAL: Storage: Store in a cool dry area. Do not transport or store below 32° F.

Disposal: Place container in trash. Do not incinerate or puncture.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

5/5

FIRST AID:

IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give ANY liquid to the person. • Do not give anything by mouth to an unconscious person

In case of emergency, call [phone number] or a poison control center. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

NOTE TO PHYSICIAN/VETERINARIAN: Contains petroleum distillates – vomiting may cause aspiration pneumonia.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and handling of this material when such use and handling are contrary to label instructions.
