SUBJECT: FAST TRACK AMENDMENT/NO FEE
MULTIPACK REVISION BASED ON CURRENT EPA APPROVED LABELS
FOR RF 9910 AEROSOL/EPA REG. NO. 2724-490 AND RF9908 SPOT ON/2724-497

Dear Mr. LaRocca:

Enclosed is a completed EPA Form 8570-1 and a copy of box text for a multipack configuration of 3 Wellmark products. I've enclosed one folded copy so you can visualize the format. The box text shown relates to a 3 step program for flea/tick control. This amendment only involves the text on the box that contains the 3 products. This configuration was previously submitted as a notification to you on February 4, 2002 (notification confirmation received 2/22/02). Previously, this kit contained a subregistered dog topical product. Subsequently, Wellmark received its own repackaging registration for the dog topical, therefore, the EPA registration number for the dog topical has changed (from 40849-72-2724 to 2724-497). In addition, all 3 individual product label graphics were revised and the claims shown reflect the most recently approved EPA labels. The brand name of the aerosol product was changed from Zodiac Multi-Purpose Home & Insect Spray to Zodiac Advanced Indoor Insect Spray. Please provide stamped copy for state registration purposes.

If you have any questions please, call me directly at 847/330-5376 or email me. Thank you for your assistance in this matter.

Yours sincerely,
WELLMARK INTERNATIONAL
