Schaumburg, IL 60173

Subject: Amendment – Add Public Health Claim  
Yard and Patio Fogger  
EPA Reg. No. 2724-677  
Your submission dated April 28, 2008

Dear Ms. Huebl:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable subject to the comments listed below. Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. We note that the claim “and mosquitoes which may carry West Nile virus” was received as a notification September 23, 2004. This was approved in error since we do not accept claims associated with public health pests other than by amendment. However since the product previously carried a claim for control of mosquitoes and we have under review efficacy data to corroborate this claim we will accept the claim conditionally since you have agreed to remove this claim if it is determined that the efficacy data does not support the claim.
2. Under precautionary statement add “and before eating, drinking, chewing gum or using tobacco” to the end of the third sentence.
3. Following the title “Disposal” add “Non-refillable container. Do not reuse or refill this container”.

Since the approval of the “may carry West Nile virus claim requires review data” submit an offer to pay, formulators exemption and data matrix in support of this claim.

If you have any questions in regard to this letter please feel free to contact me at (703) 305-6100.

Sincerely,

George T. LaRocca  
Product Manager 13  
Insecticide Branch  
Registration Division (7505P)

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

4/5

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling. If clothing becomes contaminated, remove and launder before use.

FIRST AID	
<b>If in eyes:</b>	<ul style="list-style-type: none"><li>•Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li><li>•Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li><li>•Call a poison control center or doctor for treatment advice.</li></ul>
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

**ENVIRONMENTAL HAZARDS**

This product is highly toxic to fish. Do not apply directly to any body of water. Drift and runoff from treated area may be hazardous to aquatic organisms in adjacent areas. Do not contaminate water when disposing of equipment washwaters.

**PHYSICAL OR CHEMICAL HAZARDS**

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Do not apply this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Repeated exposure to etofenprox can cause skin irritation. Remove all exposed food and cooking utensils. Cover all food handling surfaces and wash thoroughly after treatment and before use. Do not use on edible crops.

**FOR OUTDOOR USE ONLY  
SHAKE WELL BEFORE USING**

[optional] ↓  
[Remove protective cap,] Hold container upright and spray.

**OUTDOORS:**

Point spray nozzle away from face. Hold can on slight downward angle. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray with wind if breeze is blowing.

**Repeat treatments to infested areas as necessary at intervals of 14 days or greater. Do not make more than 6 applications per site per year.**

**Pests on Outside Surfaces of Buildings:** For control of building infestation due to Ants, Clover Mites\*, Crickets, Earwigs\*, Millipedes\*, and Sowbugs\* (Pillbugs\*). Spray foundation of building where insects are active and may find entrance, up to a height of 2 to 3 feet. Hold can 2 to 3 feet from surface to be treated and spray to slightly moisten surface. Apply as a residual spray to outside surface of buildings where insects tend to congregate. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, garages and refuse dumps.

**FLYING INSECTS:** Flies, Mosquitoes, Gnats, Small Flying Moths, Bees, Hornets and Yellow Jackets. Allow fog to drift over area. Direct spray toward bushes, or grass from at least 4 to 6 feet away. Give special attention to breeding areas such as garbage cans and compost piles.

**CRAWLING INSECTS:** Ants, Cockroaches, Crickets, Mole Crickets, Centipedes\*, and Silverfish\*. Hold can 2 to 3 feet from surface to be treated and spray infested surface of patio or picnic area, hitting as many insects as possible. Spray to slightly moisten the surface. Also spray legs of tables and chairs to repel ants. Spray ant trails and hills.

Ants, Ticks, Crickets, Fleas and Earwigs\*: Apply thoroughly to infestations in bushes, grass or weeds.

\*Except in California

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Do not store near heat or open flame. Store in a cool, dry area away from children.

**DISPOSAL:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
