TOXIC SUBSTANCES

AUG - 3 2009

Ms. Nancy Huebl
Registration Specialist
Wellmark International
1501 E. Woodfield Road
Suite 200W
Schaumburg, IL 60173

Dear Ms. Huebl:

Subject: Label Amendment (non-PRIA)
Product Name: Yard and Patio Fogger
EPA Registration No. 2724-677
Application dated April 20, 2009

The label amendment above, submitted in connection with the Federal Insecticide, Rodenticide, and Fungicide Act, as amended, is acceptable provided you:

- 1. Remove the claim "... and mosquitoes which may carry West Nile virus." The cited data do not support this claim.

A stamped copy of the label is enclosed for your records. Submit two (2) copies of your final printed labeling before releasing the product shipment. If you have any questions, please contact Kevin Sweeney at (703)-305-5063 or by email at sweeney.kevin@epa.gov

Sincerely,

Richard Gebken
Product Manager 13

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. If clothing becomes contaminated, remove and launder before use. Repeated exposure to etofenprox can cause skin irritation.

FIRST AID	
If in eyes:	<ul style="list-style-type: none"> •Hold eye open and rinse slowly and gently with water for 15-20 minutes. •Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. •Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-[phone number] for emergency medical treatment information.	

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish. Do not apply directly to any body of water. Drift and runoff from treated area may be hazardous to aquatic organisms in adjacent areas. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Do not apply this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove all exposed food and cooking utensils. Cover all food handling surfaces and wash thoroughly after treatment and before use. Do not use on edible crops.

**FOR OUTDOOR USE ONLY
SHAKE WELL BEFORE USING**

[optional] ↓

[Remove protective cap,] Hold container upright and spray.

OUTDOORS:

Point spray nozzle away from face. Hold can on slight downward angle. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray with wind if breeze is blowing.

Repeat treatments to infested areas as necessary at intervals of 14 days or greater.

Pests on Outside Surfaces of Buildings: For control of building infestation due to Ants, Clover Mites, Crickets, Earwigs, Millipedes, and Sowbugs (Pillbugs). Spray foundation of building where insects are active and may find entrance, up to a height of 2 to 3 feet. Hold can 2 to 3 feet from surface to be treated and spray to slightly moisten surface. Apply as a residual spray to outside surface of buildings where insects tend to congregate. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, garages and refuse dumps.

FLYING INSECTS: Flies, Mosquitoes, Gnats, Small Flying Moths, Bees, Hornets and Yellow Jackets. Allow fog to drift over area. Direct spray toward bushes, or grass from at least 4 to 6 feet away. Give special attention to breeding areas such as garbage cans and compost piles.

CRAWLING INSECTS: Ants, Cockroaches, Crickets, Mole Crickets, Centipedes, and Silverfish. Hold can 2 to 3 feet from surface to be treated and spray infested surface of patio or picnic area, hitting as many insects as possible. Spray to slightly moisten the surface. Also spray legs of tables and chairs to repel ants. Spray ant trails and hills.

Ants, Ticks, Crickets, Fleas and Earwigs: Apply thoroughly to infestations in bushes, grass or weeds.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store near heat or open flame. Store in a cool, dry area away from children. **DISPOSAL:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
