DO NOT use more than one fogger per room. DO NOT use in small enclosed spaces such as closets, cabinets or under counter or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. DO NOT use in a room 5 ft. x 5 ft. or smaller; instead, allow fogs to enter from other rooms. TURN OFF ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.
