Nancy Huebl
Senior Registration Specialist
Wellmark International
1501 East Woodfield Road, Suite 200 West
Schaumburg, IL 60173

Subject: Label Amendment – Add total release fogger mitigation and other minor changes
Product Name: ETOFENPROX IGR FOGGER II
EPA Registration Number: 2724-705
Application Date: April 8, 2015
Decision Number: 503264

Dear Ms. Huebl:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

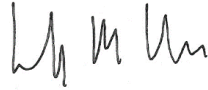

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Page 2 of 2
EPA Reg. No. 2724-705
Decision No. 503264

with FIFRA section 6. If you have any questions, you may contact Elizabeth Fertich at 703-347-8560 or via email at fertich.elizabeth@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jennifer Urbanski', with a stylized, cursive script.

ACTIVE INGREDIENTS:

Etofenprox	0.5%
Tetramethrin	0.4%
N-Octyl Bicycloheptene Dicarboximide	0.5%
Pyriproxyfen*	0.1%
OTHER INGREDIENTS**:	<u>98.5%</u>
Total	100.0%

* Nylar Insect Growth Regulator
 ** Contains petroleum distillates

KEEP OUT OF REACH OF CHILDREN
See Side Panel For Additional Precautions

NET CONTENTS: 2-4 oz [Not for Individual Sale]

EPA REG. NO. 2724-705
 EPA EST. NO.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

Breathing spray mist may be harmful.

Personal Protective Equipment (PPE):
Applicators and other handlers must wear

- Long-sleeve shirt,
- Long pants,
- Shoes and socks

FIRST AID

If swallowed

- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give **any** liquid to the person.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-[phone number] for emergency medical treatment information. Contact veterinarian if pets are exposed during application.

Note to Physician/Veterinarian: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

[Note: First Aid statement paragraph format may be used if space is limited.]

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product. Do not reuse them.

User Safety Recommendations

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.
- Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

PHYSICAL OR CHEMICAL HAZARDS

Extremely Flammable Ingredient Ingrediente Extremadamente Inflamable

This product contains an extremely flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully. Extremely flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH ALL LABEL PRECAUTIONS AND DIRECTIONS.
INSTRUCCIONES EN ESPAÑOL DENTRO DE LA CAJA**

RESTRICTIONS

Remove or cover exposed food and drinking water before application.

Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.

Do not make space spray applications when facility is in operation.

Wait two (2) hours after application, then open windows, vents, and doors for two hours. If an odor is still detected, additional ventilation is required.

Do not use in aircraft cabins.

In indoor non-food areas of Food Handling/Processing Facilities, do not apply more than 1 time per 14 days.

Remove pets, birds, and cover fish aquariums before spraying.

Do not enter or allow others or pets to enter treated area until sprays have dried.

Repeat treatments to infested areas as necessary at intervals of 14 days or greater.

Note: Does not control bed bugs. Do not allow children or pets to contact treated surfaces until spray has dried. Do not apply to classrooms when in use. Do not apply to patient rooms in hospitals and nursing homes while occupied. For use in the non-food and non-feed areas of food and feed handling establishments. Do not use in food or feed areas of food or feed handling establishments, restaurants or other areas where food or feed is commercially prepared or processed. Do not use in serving areas while food is exposed or the facility is in operation. Serving areas are areas where prepared foods are served, such as dining rooms but excluding areas where foods may be prepared or held. Non-food and non-feed areas of food and feed establishments are areas such as garbage rooms, lavatories, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning and bottling).

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, and floor cracks. For best results, treat entire dwelling with particular attention to kitchens and bathroom areas. Use only one fogger to treat up to [375] sq. ft. (a room 15' x 25' with an 8' ceiling or 3,000 cubic feet) [500 sq ft (a room 25' x 15' with an 8' ceiling or 4,000 cubic feet)][250 sq ft (a room 17' x 15' with an 8' ceiling or 2,000 cubic feet)] of floor space.

[†Note to the Reviewer: A conversion of 1 ounce per 1,000 cubic feet of room space applies. Example - a 4 ounce aerosol can will treat 4,000 cubic feet of unobstructed area. Room sizes are changed accordingly.]

TO USE THIS PRODUCT CORRECTLY

DO NOT use multiple foggers per room.

DO NOT use in small confined spaces such as closets, cabinets, or under counters or tables.

Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. DO NOT use in a room 5 ft x 5 ft or smaller; instead, allow fogs to enter from other rooms.

UNPLUG AND TURN OFF ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). NO FLAMES OR PILOT LIGHTS. Call your gas utility or management company if you need assistance with your pilot lights.

BEFORE YOU FOG

Vacuum thoroughly before fogging. To ensure unobstructed flow of fogger mist, OPEN inside doors, cabinets, cupboards, drawers, and closets in areas to be treated.

REMOVE or cover exposed food, dishes, cooking utensils, food preparation equipment, and surfaces. REMOVE pets and birds and REMOVE OR COVER (and turn off) air flow in aquariums. REMOVE OR COVER childrens' and pets' toys. COVER waxed wood floors and waxed wood furniture in the immediate area surrounding the fogger (newspaper may be used).

CLOSE outside doors and windows. SHUT OFF fans and air conditioners and temporarily disconnect smoke alarms. Remove all motor vehicles before fogging garage.

Place can in the middle of the room, on a stand, table, chair or on the floor. Place several layers of unfolded newspaper, covering a 2 sq. ft. area directly under can to prevent marring of surface.

TO START FOGGING

SHAKE WELL BEFORE USING. Before activating, keeping at arm's length, point top of can away from face and press down actuator tab to lock into position and release fogging action. Do not inhale the spray mist. Set fogger in an upright position on chair or table covered with newspapers or paper towels and leave premises immediately. **Vacate the treated house, individual apartment unit, or other structure immediately.** KEEP TREATED AREA CLOSED. DO NOT RE-ENTER FOR AT LEAST TWO HOURS. Keeping treated area sealed for a longer period will enhance fogger performance. Use enclosed Door Hang Tag to mark the time when re-entry is permitted (at least two hours after the start time).

[Door Hang Tag Text]

"Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for X hours."

Do not enter until [space for time] on [space for date].

[Brand Name][Product Name] Treatment.

[This room is currently being treated by (Brand Name)]

[(Brand Name) treatment underway]

NOTE: Asphalt tile and some plastics may be affected by this product. Place newspaper on asphalt tile before treatment and cover plastic items such as plastic furniture, stereo covers, eye glasses, etc.

AFTER FOGGING - AIRING OUT

Do Not Re-enter for 2 Hours.

AIRING OUT: Keep treated area closed for at least two hours, then open all doors and windows turn on air conditioner and fans and allow treated area to air for two hours before returning. Do not allow children or pets to contact treated surfaces until spray has dried.

Turn on all pilot lights and appliances, smoke alarms, and aquariums that were turned off. For best results, spot treat with {Brand Name} premise products under beds, furniture, or obstructed areas where fogger mist may not penetrate.

NOTE: When treating for fleas, clean and treat pet sleeping areas. Also treat dogs and cats with a flea control product registered for use on pets before allowing them to re-enter the treated areas.

Repeat treatments to infested areas as necessary at intervals of 14 days or greater. Do not make more than 6 applications per site per year.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **PESTICIDE STORAGE:** Store in a cool, dry area away from heat and open flame and preferably in a locked storage area inaccessible to children and pets. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Seller warrants that this product conforms to the chemical specifications expressed on the label. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Do not remain in treated area. Exit area immediately and remain outside the treated area until mists have dispersed. Reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, and floor cracks. For best results, treat entire dwelling with particular attention to kitchens and bathroom areas. Use only one fogger to treat up to [375] sq. ft. (a room 15' x 25' with an 8' ceiling or 3,000 cubic feet) [500 sq ft (a room 25' x 15' with an 8' ceiling or 4,000 cubic feet)][250 sq ft (a room 17' x 15' with an 8' ceiling or 2,000 cubic feet)] of floor space.

[‡Note to the Reviewer: A conversion of 1 ounce per 1,000 cubic feet of room space applies. Example - a 4 ounce aerosol can will treat 4,000 cubic feet of unobstructed area. Room sizes are changed accordingly.]

To Use This Product Correctly

DO NOT use multiple foggers per room.

DO NOT use in small confined spaces such as closets, cabinets or under counters or tables.

Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. DO NOT use in a room 5 ft. x 5 ft. or smaller; instead, allow fogs to enter from other rooms.

UNPLUG AND TURN OFF ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). NO FLAMES OR PILOT LIGHTS. Call your gas utility or management company if you need assistance with your pilot lights.

BEFORE YOU FOG

Vacuum thoroughly before fogging. To ensure unobstructed flow of fogger mist, OPEN inside doors, cabinets, cupboards, drawers, and closets in area to be treated.

REMOVE or cover exposed food, dishes, cooking utensils, food preparation equipment, and surfaces. REMOVE pets and birds and REMOVE OR COVER (and turn of) air flow in aquariums. REMOVE OR COVER childrens' and pets' toys. COVER waxed wood floors and waxed wood furniture in the immediate area surrounding the fogger (newspaper may be used).

Close outside doors and windows. SHUT OFF fans and air conditioners and temporarily disconnect smoke alarms. Remove all motor vehicles before fogging garage.

Place can in the middle of the room, on a stand, table, chair or on the floor. Place several layers of unfolded newspaper, covering a 2 sq. ft. area directly under can to prevent marring of surface.

TO START FOGGING

SHAKE WELL BEFORE USE. Before activating, keeping at arm's length, point top of can away from face and press down actuator tab to lock into position and release fogging action. Do not inhale the spray mist. Set fogger in an upright position on chair or table covered with newspapers or paper towels and leave premises immediately. **Vacate the treated house, individual apartment unit, or other structure immediately.** KEEP TREATED AREA CLOSED. DO NOT RE-ENTER FOR AT LEAST TWO HOURS. Keeping treated area sealed for a longer period will enhance fogger performance. Use enclosed Door Hang Tag to mark the time when re-entry is permitted (at least two hours after the start time).

NOTE: Asphalt tile and some plastics may be affected by this product. Place newspaper on asphalt tile before treatment and cover plastic items such as plastic furniture, stereo covers, eye glasses, etc.

[Door Hang Tag Text]

Fill out and place hang tag on the door to the treated area to alert family and others with access to the treated area not to enter for X hours.

Do not enter until [space for time] on [space for date].

[Brand name][Product name] Treatment.

[This room is currently being treated by (Brand name)]

[(Brand name) treatment underway]

AFTER FOGGING – AIRING OUT

Do Not Re-enter for 2 Hours.

AIRING OUT: Keep treated area closed for at least two hours, then open all doors and windows, turn on air conditioner and fans and allow treated area to air out for two hours before returning . Do not allow children or pets to contact treated surfaces until spray has dried.

Turn on all pilot lights and appliances, smoke alarms, and aquariums that were turned off. For best results, spot treat with {Brand Name} premise products under beds, furniture, or obstructed areas where fogger mist may not penetrate.

NOTE: When treating for fleas, clean and treat pet sleeping areas. Also treat dogs and cats with a flea control product registered for use on pets before allowing them to re-enter the treated areas.

Repeat treatments to infested areas as necessary at intervals of 14 days or greater. Do not make more than 6 applications per site per year.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool, dry area away from heat and open flame and preferably in a locked storage area inaccessible to children and pets. **PESTICIDE DISPOSAL AND CONTAINER**

HANDLING: Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

[NOTICE: This product contains a chemical known to the State of California to cause cancer.]
(for use with Basic formulation production, does not apply when Alternate formulation is used)
