Subject: Label Notification(s) for Pesticide Registration Notices 2007-4 and 2007-1

Dear Mrs. Huebl:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 2007-4 and 2007-1, dated August 5, 2009 for:

EPA Registration 2724-748

Holiday Ointment

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and 2007-1, finds that the label change(s) requested falls within the scope of PRN-2007-4 and 2007-1. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identify the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".
