**UNITED STATES ENVIRONMENTAL PROTECTION AGENCY**

WASHINGTON, D.C. 20460

OFFICE OF  
PREVENTION, PESTICIDES  
AND TOXIC SUBSTANCES

James McFadden, Ph.D.  
Wellmark International  
1501 East Woodfield Road  
Suite 200W  
Schaumburg, IL 60173

APR 19 2007

Dear Dr. McFadden:

Subject: Revisions per comments in Agency's December 7, 2006 Notice of Registration  
RF2050 Spray  
EPA Registration Number 2724-786  
Your submission dated March 13, 2007

The labeling referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(a), is acceptable and a stamped copy is enclosed for your records. The Agency assumes that, in addition to the internet address, that the company name and address will appear somewhere on the actual finished label. Please forward 3 copies of the actual finished label, or printer's proof if the label is printed directly on the can, when it becomes available.

Sincerely,

George LaRocca.  
Product Manager 13  
Insecticide Branch  
Registration Division (7505P)

**RF2050 SPRAY**

- Dissipating Foam Formulation

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call 1-800-xxx-xxxx- for emergency medical treatment information.	

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH ALL LABEL PRECAUTIONS AND DIRECTIONS.**

[Use RF2050 Spray] [This product] to kill wasps, hornets, yellow jackets and other pests outdoors and indoors. Outdoor locations are restricted to those attached to the outside surfaces of building structures. Indoor locations would be identified as attics, steeples, mechanical rooms, barns, sheds, non-food/non-feed warehouses, garages, and carports. Do not apply indoors in domestic/residential dwellings, i.e., homes, residences, apartments, hotels, etc. **DO NOT TREAT ANIMALS WITH THIS PRODUCT.** Remove [livestock] [and] [pets] before spraying indoors. Do not allow children or animals to contact treated surfaces until spray has dried.

Prior to treatment, shake can well, hold can upright and, stand upwind at a safe distance from nests, and spray away from self and other persons. This product is generally non-staining but is not recommended for vinyl siding. In areas of concern, test product in a small, inconspicuous area to determine if staining potential exists.

## **WASPS, HORNETS, AND YELLOW JACKETS**

### **Wasps**

Spray nest until thoroughly wet. Wasps on the nest will fall quickly to the ground, wasps returning to the nest will be killed by the residual action of the spray. Wait 24 hours before removing nest.

### **Hornets**

Hornets build nests under eaves and in sheltered spaces of buildings. It is best to wait until dusk or early morning to treat as hornets are less active at that time. Locate entrance hole in the nest, and thoroughly spray the entrance hole. Spraying the outside of the nest and not the entrance hole will not have the desired effect and may cause the hornets to attack. For best results for large nests, repeat application.

### **Yellow Jackets**

Locate entrance holes, note that there may be more than one. Wait until dusk or early morning to spray. Spray entrances thoroughly. For best results for large nests, repeat application.

## **OTHER OUTDOOR PESTS**

### **Ants**

Spray ants, building foundations, and locations where ants are entering a building. Directly hit as many ants as possible with the spray.

### **Cockroaches**

Treat for cockroaches at locations where they live and potential entry points, such as areas where outside plumbing enters the building and cracks or crevices in the foundation. Spray cockroaches directly when seen.

## **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Do not store near heat or open flame. Store in cool dry area away from children.

**DISPOSAL:** Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

For more information or in case of emergency, call 1-800-XXX-XXXX or visit our Web site: [URL].
