Subject: Amended Reregistration Label
Product Name: RF2066 Shampoo
EPA Registration Number: 2724-792
EPA Decision Number: 410827; 412069

Dear Dr. McFadden:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with Pyrethrins Reregistration Eligibility Document (RED), and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** being reregistered under section 4(g) of FIFRA at this time.

Should you wish to retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA Section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Carlyn Petrella at (703) 347-0439 or via email at petrella.carlyn@epa.gov.

Sincerely,

Richard Gebken

NET CONTENTS

READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON DOGS, CATS, KITTENS, OR PUPPIES 12 weeks of age or older

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
FOR TOPICAL USE ONLY. DO NOT INGEST.

General Precautions and Use Restrictions

- Apply this product only as specified on this label.
- **DO NOT** apply to pets less than 12 weeks of age.
- Consult a veterinarian before applying this product on debilitated, aged, pregnant or nursing animals. Certain medicines can interact with pesticides. Consult a veterinarian before using on medicated animals. Sensitivities may occur after using **ANY** pesticide for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.
- The maximum application rate is once per week.

Thoroughly wet [the hair][the animal][your pet/dog/cat/puppy/kitten] with warm water. Use [Brand Name] full strength. Do not apply shampoo around the eyes. Apply 1 1/3 tablespoons shampoo for each 5 lbs of pet's [cat's/dog's/kitten's/puppy's] weight. Estimate the total amount of shampoo needed for your pet [animal][dog/cat/puppy/kitten], then spread the shampoo along the back of the pet [animal][dog/cat/puppy/kitten]. Work well into coat starting at the head and working back. Spread lather to include the neck, legs, and feet. Continue to work lather in over the whole pet [animal][dog/cat/puppy/kitten] for 3 to 5 minutes (this is an important part of the grooming procedure). After lather has been worked in over the entire pet [animal][dog/cat/puppy/kitten], rinse [animal][pet][cat/dog/puppy/kitten] thoroughly with warm water. For extremely dirty or scaly animals [pets][cat/dog/puppy/kitten], the above procedure may be immediately repeated. Do not apply more than once per week for control of adult fleas and ticks. Treat animal bedding/quarters with an approved product labeled for that use at the same time that [pet][dog/cat/puppy/kitten] is treated with [Brand Name].

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID	
Call a poison control center or doctor immediately for treatment advice.	
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-[phone number] for emergency medical treatment information.	

[Note: First Aid statement paragraph format may be used if space is limited.]

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool, dry (preferably locked) area that is inaccessible to pets and children.

Disposal: If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **If partially filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

In case of emergency or for product use information, call [phone number]

Warranty and Disclaimer
