Date of Issuance:

2724-812

JUL 29 2011

Term of Issuance: Conditional

Name of Pesticide Product:

RF2172 Insecticide Bait D

NOTICE OF PESTICIDE:

- x Registration
Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Wellmark International
1501 East Woodfield Road, Suite 200W
Shaumburg, Illinois 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Submit the following data: One year storage stability (830.6317) and corrosion characteristics (830.6320) studies. These studies can be run concurrently. Observation must be made at 0, 3, 6, 9, and 12 months period and the results must be submitted to the Agency upon completion. These studies must be submitted within 15 months from the date of this letter.
3. Make the following label changes:
a. On page 1, add "pounds" or "lbs" unit of measure in the Net Contents.
b. Add the phrase "EPA Registration Number 2724-812" to the front panel.

Signature of Approving Official:

page 2
EPA Reg. No. 2724-812

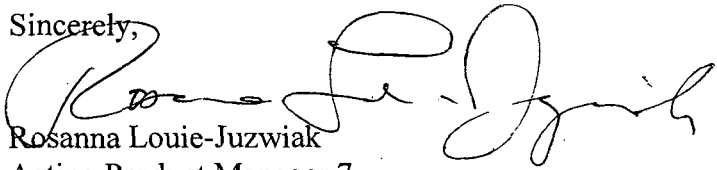

c. On page 3, change the title "General Information" to "Product Information".

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Submit two copies of the revised final printed label before you release the product for shipment. Your release for shipment of the product constitutes acceptance of these conditions.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

A stamped copy of the label is enclosed for your records. If you have any questions, contact Rita Kumar at (703) 308-8291, or kumar.rita@epa.gov.

Sincerely,

Rosanna Louie-Juzwiak

If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-800-347-8272.	

ENVIRONMENTAL HAZARDS

This pesticide is toxic to shrimp. Do not apply directly to water, areas where surface water is present or to intertidal areas below the mean high water mark. Drift or run off from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment. Do not apply this product if bees are actively foraging in the treatment areas.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

USE RESTRICTIONS

- Do not use RF2172 Insecticide Bait D [Brand Name] inside homes, or any place where children or animals might be present.
- [Do not spread granules or use bait stations within reach of children or animals.]
- Do not apply this product in a way that will contact workers or other persons.
- Do not apply where poultry or animals, especially dogs and young calves, can pick it up or lick it.
- Do not use on edible product areas of food processing plants or other areas where food is commercially prepared or processed.
- Do not use in serving areas while food is exposed.
- Do not use as a scatter bait indoors.
- Do not use as a scatter bait in food/feed areas of food/feed handling establishments.
- Do not use around commercial dumpsters which are not enclosed.

GENERAL INFORMATION

RF2172 Insecticide Bait D [Brand Name] is an effective fly bait formula that contains Muscamone fly attractant. Baits can be an important tool in the overall management of house fly populations. An integrated approach is recommended which includes: sanitation, manure management, physical barriers, sprays, mechanical traps and periodic rotation of baits with different modes of action.

APPLICATION PROCEDURES

SCATTER BAIT

Where to Apply

RF2172 Insecticide Bait D [Brand Name] may be used around the outside of milking parlors, broiler houses, kennels, canneries, beverage processing plants, meat and poultry processing plants, food processing plants and refuse dumpsters associated with these establishments and the walkways of caged layer houses. Do not use around commercial dumpsters which are not enclosed. May also be used in fenced or otherwise enclosed areas inaccessible to children and around the outside of restaurants, supermarkets, commissaries, and bakeries.

Methods of Application

Scatter **RF2172 Insecticide Bait D** [Brand Name] granules [directly from container] onto desired locations. Scatter granules evenly on [dry, level] surfaces, avoid placing bait in piles. Apply at a rate of ¼ pound per 500 square feet of area. Reapply as bait is consumed to maintain control. Start applications at the beginning of the season to help keep house fly populations manageable. Avoid application to windy areas as house flies will avoid these areas; apply bait in several locations, concentrating on areas where house flies are a problem.

BAIT STATIONS

Where to Apply

RF2172 Insecticide Bait D [Brand Name] stations may be used in house fly infested areas such as, in and around milking parlors and broiler houses, caged layer houses, canneries, beverage processing plants, food processing plants, meat and poultry processing plants, kennels, stables, refuse dumpsters, warehouses, loafing sheds, swine facilities, broiler houses, and feed lots. May also be used in and outside the non-

6097

food/feed areas of restaurants, barns, taverns, supermarkets, commissaries, and bakeries.

Methods of Application

Use **RF2172 Insecticide Bait D** [Brand Name] in any commercial fly bait station secured at least 4 feet above the ground. Position one bait station in each 250 square feet of area with up to 2 ounces of bait per station. Place bait stations in areas inaccessible to food-producing animals, pets, and children. Concentrate bait station placements in areas where house flies are a problem including dumpsters, stables, trash piles, or other areas that attract house flies. Avoid placing bait stations in windy areas as house flies will avoid bait stations that move. Reapply as bait is consumed to maintain control.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Storage: Store in a cool, dry place away from heat or open flame and inaccessible to children. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:**

Nonrefillable container. Do not reuse or refill this container. Empty container by tapping sides to apply contents as directed in the Directions for Use. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by other procedures allowed by state and local authorities.

WARRANTY AND CONDITIONS OF SALE:

Seller warrants that this product conforms to the chemical specifications expressed on the label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller's liability for default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.
