

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:
 2724-815

Date of Issuance:
 3/11/22

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:
 Conditional

Name of Pesticide Product:
 RF2176 CDSO-K FOR DOGS

Name and Address of Registrant (include ZIP Code):

James McFadden
 Central Garden & Pet Company
 1501 E. Woodfield Road
 Suite 200W
 Schaumburg, IL 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04
 Invertebrate and Vertebrate Branch 1
 Registration Division (7505P)
 Office of Pesticide Programs

Date:

3/11/22

2. Consistent with the guidance on [Pet Spot-On Enhanced Reporting Implementation \(updated Aug. 2019\)](#), the Agency has reviewed your request to remove the two-year registration expiration date and has found your company to be in compliance with the terms and conditions for the subject product. The accepted label dated 03/11/2022 contains appropriate mitigation measures. Further, the Agency has reviewed a sample of enhanced reporting using EPA's standardized templates, as described in Condition 3. hereafter, and concluded that the use of the standardized templates for enhanced reporting for this product will considerably improve pharmacovigilance and thus the continued safety of this product. Therefore, the Agency is removing the two-year registration expiration date for this product. The product remains subject to all other previously required conditions of registration, including the submission of enhanced incident reports and sales information as stated in the initial registration notice dated 10/11/2011 and amended below to require continued use of the standardized templates.
3. The Agency has reviewed your request to change the terms of your registration from quarterly to annual submission of enhanced incident and sales reports using EPA's standardized templates. Based on an initial screening of sample enhanced reports, the sample submission was determined to be adequate and the templates were successfully used. Therefore, the condition of quarterly submission of enhanced incident and sales reports is hereby amended to annual submission with continued use of these standardized templates. You must submit enhanced incident and sales reports for this product to the Agency every 12 months from the date the product is first released for shipment, or from the end date in the last quarterly enhanced reporting submission. The initial released-for-shipment date must be provided to the Product Manager, once known. The enhanced reporting submission should be addressed to the Product Manager's attention and must use the standardized, electronic templates available on the EPA website through the following links: [Enhanced Incident Reporting Template](#), [Sales Reporting Template](#). Submissions must be received by the Agency no later than 60 days following the completion of the 12-month period. If the product is not marketed or sold, you must submit to the Product Manager a letter to this effect every 12 months in lieu of the enhanced incident and sales reports. Please follow appropriate procedures and flag any Confidential Business Information as such.
4. You are required to comply with the data requirements described in the DCI identified below:
 - a. PBO GDCI-067501-26641

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>
5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples

of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these terms and conditions, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 04/04/2016

If you have any questions, please contact Kaitlin Saunders by phone at 202-566-2890, or via email at Saunders.Kaitlin@epa.gov.

[<RF2176 CDSO-K for Dogs>]

**IMPORTANT! DO NOT USE ON DOGS/PUPPIES LESS THAN 10 WEEKS OLD OR LESS THAN [6][13][32][80] POUNDS. READ ENTIRE LABEL [AND INSERT(S)] BEFORE EACH USE. USE ONLY ON DOGS/PUPPIES. DO NOT USE ON ANIMALS OTHER THAN DOGS!
DO NOT ALLOW CHILDREN TO APPLY PRODUCT.**

INTRODUCTION:

[Brand – Adams, Adams Plus] Water-Resistant Flea & Tick Control for Dogs prevents flea eggs from developing into adult fleas for up to 2.5 months. [Brand] Water-Resistant Flea & Tick Control for Dogs also controls fleas and ticks for up to 1 month and kills and repels mosquitoes for 4 weeks.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To prevent harm to you and your dog, read entire label before each use. Follow all directions and precautionary statements carefully. Dog must be dry at time of application and remain dry for 24 hours after application. Use entire contents of [applicator] [tube] on each dog. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied.

<RF2176 CDSO-K for Dogs> works by application directly to the dog's/puppy's skin, not to the hair. When applying, manually push aside dog's/puppy's hair to allow direct application to the skin.

USE RESTRICTIONS:

Do not use on dogs/puppies less than 10 weeks old or less than [6][13][32][80] lbs Do not use more than one [applicator] [tube] per dog/puppy regardless of the dog's weight and do not retreat more than once per [month] [4 weeks][30 days]. Do not get this product in dog's/puppy's eyes or mouth. Do not allow your dog/puppy to ingest this product. Do not use on cats. If applied to a cat or ingested by a cat, contact your veterinarian. Do not allow children to apply this product. Do not bathe or allow dog to swim for 24 hours after application.

{Note: Application assumes one applicator per dog/puppy per application}

{Note: Each package contains sufficient [tubes][applicators] for [3][6] applications}

ONLY FOR [[TOY]/[SMALL] (6-12 lbs.)], [[MEDIUM] (13-31 lbs.)] DOGS/PUPPIES 10 WEEKS OF AGE OR OLDER

1. Bend at perforation and tear off first [applicator] [tube].
2. Hold [applicator] [tube][and bend area of plastic at perforation, tear off and discard.] Hold [applicator] [tube] upright and snap tip back, away from face and body.
3. The dog/puppy should be dry and standing for easy application. Apply <RF2176 CDSO-K for Dogs> evenly to [two spots]{toy/small dogs}[three spots]{medium dogs} on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the [applicator][tube] on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy.
4. Do not spread <RF2176 CDSO-K for Dogs> by hand over the dog/puppy. Although the dog's/puppy's skin and hair oils will [over time] distribute the application over the entire dog/puppy, brushing the dog/puppy 12 to 24 hours after application will help to distribute the material over the skin.
5. Do not retreat more than once per [month][4 weeks][30 days].
6. Discard empty [tube][applicator] as described in STORAGE and DISPOSAL.

[Each package contains sufficient [tubes]][applicators] for [3][6] applications]
ONLY FOR [[LARGE] (32-79 lbs.)], [[EXTRA LARGE] (80 lbs and over)] DOGS 10 WEEKS OF AGE OR OLDER

- 1 Bend at perforation and tear off first [applicator] [tube]. {Note – multi-application pack}
- 2 Hold [applicator] [tube][and bend area of plastic at perforation, tear off and discard.] Hold [applicator] [tube] upright and snap tip back, away from face and body
- 3 The dog/puppy should be dry and standing for easy application. Apply <RF2176 CDSO-K for Dogs > evenly to four or five spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the [applicator][tube] on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy.

Monthly treatments are required for control and prevention of fleas.

[The successive feeding activity of fleas on dogs/puppies may elicit a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of dogs/puppies with <RF2176 CDSO- K for Dogs > kills fleas that may cause this condition.

[<RF2176 CDSO-K for Dogs > is water resistant at 24 hrs after application and remains efficacious following exposure to rainfall or swimming.24 hours after application.] Note: Dog must remain dry during and 24 hours after application.

[TREATMENT SCHEDULE			
Dosage: Apply 1 [applicator] [tube] [every 30 days][monthly][every 4 weeks] per dog/puppy			
Dog's/Puppy's Name	First [Month][Treatment Date]	Second [Month][Treatment Date] [[30 Days][4 weeks][1 month] From 1 st]	Third [Month][Treatment Date] [[30 Days][4 weeks] [1 month] From 2 nd]

[Reminder: I purchased <RF2176 CDSO-K> from: _____ {Treatment table can be expanded based on package size, but will not exceed 6 months.} NOTES: _

STORAGE and DISPOSAL: Pesticide Storage: Store [applicators][tubes] in a cool, dry (preferably locked) area away from children and animals. **Container Handling : If empty:** Do not reuse container [tube][applicator]. Place in trash or offer for recycling if available. **If partially filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION

HAZARDS TO HUMANS: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. Repeated exposure to Etofenprox can cause skin irritation.

HAZARDS TO ANIMALS: DO NOT USE ON DOGS/PUPPIES LESS THAN 10 WEEKS OLD OR LESS THAN

[6][13][32][80] POUNDS.

For external use only. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing dogs. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated dogs. Sensitivities may occur after using ANY pesticide product for dogs. Some sensitive dogs/puppies may experience temporary skin irritation such as itching or redness at the application site. If signs of sensitivity occur, bathe your dog/puppy with mild soap and rinse with large amounts of water. If signs persist or become more severe, call 1-888-987-4110 or contact your veterinarian. This product is not a substitute for prescribed heartworm preventative. Do not use on cats. Keep cats away from treated dogs/puppies for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

FIRST AID	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after first 5 minutes, then continue rinsing • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-888-987-4110, 24 hours/day, 7 days/week .	

SIDE EFFECTS: Monitor your dog/puppy after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or Wellmark at 1-888-987-4110.
 {This box will appear in lower right hand corner of back panel}

{A box labeled Side Effects will be immediately above the cat warning box on the back panel}

{A 1.5cm x 1.5cm cat prohibition icon and warning text in a box will be located at the lower right hand corner of the back panel in yellow with black images and text.}

WARRANTY AND CONDITIONS OF SALE:

Seller warrants that this product conforms to the chemical specifications expressed on the label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller’s liability for default, breach, or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

In case of emergency or for product information, call 1-888-987-4110. Wellmark

{OPTIONAL TEXT FOR PACKAGE INSERTS}

{OPTIONAL INSERT 1}

Dear Valued [Store Customer],

Thank you for your purchase of [Product Name]. [Brand – Adams, Adams Plus] wants the best for your dog, and we are
pleased to share with you some great tips on using the product. f

- A. The <Product Name> comes in 4 different sizes so that the right amount of protection from fleas and ticks is
applied to your size dog. Weigh your dog before applying <Product Name> and be sure that the product you
purchased is the right size for your dog. Do not apply this product to dogs/puppies younger than 10 weeks or
weighing less than [6][13][32][80] pounds. If you have questions, please call 1-888-987-4110 to talk to a product
specialist.
- B. Apply <Product Name> evenly to the dog's back in spots starting at the top of the back from the shoulders to the
base of the tail. Use two spots for toy dogs; three spots for medium dogs, and 4 or 5 spots for large and extra-
large dogs. At each spot, be sure to apply the product to your dog's skin, not to the surface of your dog's hair
coat. For complete instructions on application, please read the package label.
- C. <Product Name> contains lanolin as a coat conditioner. The lanolin helps the product spread over the dog and
acts as a coat conditioner as well. After the product has dried, you may brush through your dog's fur with a brush
or comb for distribution of the product and coat conditioning lanolin. Because of the initial effect of the lanolin,
keep treated dogs off furniture until the product has dried.
- D. Sensitivities may occur after the use of any topically applied product. A dog's skin is a complex organ, and your
dog's skin may be generally sensitive to topical products. Monitor your dog after application, and if you have
questions or if your dog experiences a reaction after application, please call 1-888-987-4110 to talk to a product
specialist.
- E. When applying <Product Name> make sure not to get this product in your dog's/puppy's eyes or mouth. If you
are concerned that your dog may have an oral exposure to <Product Name> please call 1-888-987-4110 to talk
to a product specialist.
- F. In households with dogs and cats, the cat will often groom the dog as well as itself. Separate treated dogs from
cats for 24 hours after treatment to minimize [reduce potential] oral exposure to your cat.
- G. Treatment of fleas on your dog does not address the 95-99% of the flea population that lives in your house and
yard. So even after your dog is treated with <Product Name> and adult fleas are killed, flea eggs may continue to
hatch in your home for up to two months. Treat your yard and home for fleas with treatments that contain an
Insect Growth Regulator, which kills flea eggs. Over time, treatment of your dog and its environment will eliminate

fleas from your home.

{OPTIONAL INSERT/CARD 2}

STOP. Please read this insert/card and the entire instructions before using this product.

[Brand Name] wants the best for your dog, and we are pleased to share with you some great tips for using the product.

- Use <Product Name> only as directed.
- Brush your dog's coat 24 hours after application.
- Apply away from furniture and carpeting.
- Consult a veterinarian before using if your dog is aged, pregnant, nursing, or taking other medication.

[Contact a product specialist at 1-888-987-4110 with any questions.]
