Subject: **Amended Reregistration Label for Pyroicide® Pressurized Ant & Roach Spray 70451
D414435, D412423 and D410903
EPA Reg. No. 2724-819**

Dear Dr. McFadden:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the **Pyrethrins, Piperonyl butoxide and MGK 264 RED**, and has concluded that your submission is acceptable.

PLEASE NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

PLEASE NOTE: That the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSF's are superseded.

- Basic CSF, dated March 25, 2011

A copy of your label stamped Acceptable is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Linda A. DeLuise at (703) 305-5428 or via e-mail at deluise.linda@epa.gov or Mr. Richard J. Gebken at (703) 305-6701 or via e-mail at Gebken.Richard@epa.gov.

Sincerely yours,

Richard Gebken
Product Manager 10
Insecticide Branch
Registration Division (7505P)

Enclosure: Label stamped Accepted dated: September 27, 2012

PYROCID® Pressurized Ant & Roach Spray 70451

For Use in Non-Food Areas of Kennels, Commercial Buildings, Hospitals, Warehouses, Office Buildings, Restaurants and Food Processing Facilities

Do not spray product on indoor residential use sites, schools, day care facilities, motels, hotels, and other indoor locations where children may be present.

[Kills Ants (excluding fire, harvester, and pharaoh ants), German Roaches, Spiders (including Black Widow Spiders but excluding Brown Recluse Spiders), Silverfish, Fleas, Brown Dog Ticks, and Other listed Pests.]

[Kills crawling pests – FAST]

[Kills quickly on contact]

[Kills common nuisance pests as listed]

[Ready to spray]

ACTIVE INGREDIENTS:

Pyrethrins.....	0.05%
Piperonyl Butoxide*.....	0.10%
N-octyl Bicycloheptene Dicarboximide**.....	0.17%
Propoxur (CAS #114-26-1).....	0.50%
OTHER INGREDIENTS***	99.18%
TOTAL	100.00%

- * (butylcarbityl) (6-propylpiperonyl) ether and related compounds
- ** MGK® 264, Insecticide Synergist
- *** Contains petroleum distillate

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

Net Contents

EPA Reg. No. 2724-819
EPA Est. No.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if inhaled or absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid breathing vapor or spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear the following: long-sleeve shirt, long pants, socks, and shoes, and chemical resistant gloves made of barrier laminate, nitrile rubber, neoprene rubber, or viton.

USER SAFETY RECOMMENDATIONS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product. Do not reuse them.

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID	
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> ▪ Take off contaminated clothing ▪ Rinse skin immediately with plenty of water for 15-20 minutes ▪ Call a poison control center or doctor for treatment advice
IF INHALED	<ul style="list-style-type: none"> ▪ Move person to fresh air ▪ If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible ▪ Call a poison control center or doctor for further treatment advice
IF SWALLOWED	<ul style="list-style-type: none"> ▪ Immediately call a poison control center or doctor ▪ Do not induce vomiting unless told to do so by a poison control center or doctor ▪ Do not give any liquid to the person ▪ Do not give anything by mouth to an unconscious person
NOTE TO PHYSICIAN Contains petroleum distillate – vomiting may cause aspiration pneumonia. Contains an N-methyl carbamate that inhibits cholinesterase.	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents call 1-888-740-8712.	

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS

Application Restrictions: Do not apply this product in a way that will contact workers or other persons or pets, either directly or through drift. Only protected handlers may be in the area during application.

Do not enter or allow others to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.

Do not use in aircraft cabins.

Do not use in commercial food processing, preparation, or food storage or serving areas. Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage areas (after canning or bottling).

Do not apply more than 1 times per day.

Remove pets, birds and cover fish aquariums before use.

Remove or cover exposed food and drinking water before application.

Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.

Entry Restrictions: Do not enter or allow others or pets to enter the treated area until sprays have dried.

Do not apply this product in occupied patient rooms or in any rooms/areas while occupied by patients, the elderly or infirm.

When used in dairy barns or facilities: Close milk bulk tank lids to prevent contamination from spray and from dead or falling insects. Remove or cover milking utensils before application.

Wash teats of animals before milking.

Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Do not wet articles to point of runoff or drip. Do not use treated article until spray has dried.

The maximum application rate is 16 oz (1 can) per 1000 sq ft.

Use this spray as a spot or crack and crevice treatment to control German Roaches Fleas Silverfish Brown Dog Ticks and other listed insects Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur Spray surfaces until wet but not to the point of runoff

SHAKE CONTAINER WELL BEFORE USE Point sprayer button at the insects to be sprayed or the surfaces to be treated and press down Spray surfaces until lightly moist moving the container to keep from excessively wetting the surface **NOTE** Application to plants will cause damage Rinse accidentally sprayed plants immediately Do not use as a space spray for flying insects

FOR SPOT TREATMENT

To Kill Ants (excluding fire, harvester and pharaoh ants), German Roaches , Crickets, Silverfish, Spiders (including Black Widow Spiders but excluding Brown Recluse Spiders), Firebrats, Millipedes, Pillbugs and Sowbugs Spray areas where these insects are found or may hide including dark corners of rooms and closets cracks and crevices in walls along baseboards and door and window frames behind and beneath sinks stoves refrigerators and cabinets and around garbage cans plumbing and other utility installations Will only kill pests present at the time of application Pests must be directly contacted to be effective Contact as many pests as possible For ants apply to ant trails also around doors and windows and wherever else these pests may find entrance Repeat treatment when pests appear but not more frequently than 6 to 8 weeks

To Kill Carpet Beetles Directly spray beetles or larvae when seen Spray along baseboards and edges of rugs and carpeting Spot spray backing of rugs and carpets and allow to dry thoroughly before replacing on floor Also treat under furniture in closets (baseboards and shelving) and wherever larvae are suspected

To Kill Brown Dog Ticks and Fleas For use in Kennels Thoroughly apply as a spot treatment to infested areas such as animal beds and resting quarters nearby cracks and crevices along and behind baseboards window and door frames and localized areas of floor and floor coverings where these pests may be present Old bedding should be removed and replaced with clean fresh bedding after treatment **DO NOT SPRAY PETS WITH THIS PRODUCT** To control the source of flea infestations treat your pet with a product registered for animal application Also treat your yard with a product registered for yard application

FOR CRACK AND CREVICE

To Kill Ants (excluding fire, harvester and pharaoh ants), German Roach, Crickets, Silverfish, Sowbugs, Spiders (including Black Widow Spiders but excluding Brown Recluse Spiders), Brown Dog Ticks, Fleas, and Carpet Beetles Apply spray in small amounts directly into cracks and crevices in points between different elements of construction between equipment floors and openings leading to voids into hollow spaces in walls and on equipment legs and bases where the above listed insects hide

Do not allow product to be deposited onto exposed surfaces or introduced into the air Do not contaminate food or food processing surfaces

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal

Pesticide Storage Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling Do Not Puncture or Incinerate! **If empty** Place in trash or offer for recycling if available. **If partly filled** Call your local solid waste agency for disposal instructions.
