Schaumburg, Illinois 60173

Subject: Notification per PRN 98-10 –Marketing claim and other minor changes
Product Name: RF2177 WB CARPET RTU
EPA Registration Number: 2724-822
Application Date: 5/24/2018
Decision Number: 541435

Dear Ms. Huebl:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Angela Hollis at 703-347-0216 or via email at hollis.angela@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich".

Elizabeth Fertich, Product Manager 04
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)
Office of Pesticide Programs

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

07/25/2018

Wear long-sleeved shirt and long pants, socks, shoes and gloves.

USER SAFETY RECOMMENDATIONS:

User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

READ ENTIRE LABEL BEFORE EACH USE.

DO NOT SPRAY ON PETS OR HUMANS.

[Brand Name][noun] is formulated to stop hatching eggs from developing into adult fleas and kill pre-adult fleas (larvae) before they grow up to bite. [RF2177 WB Carpet RTU [Brand name][noun] contains a unique combination of ingredients that kills pre-adult fleas before they grow up to bite and kills adult fleas.] It reaches [and kills] fleas hidden in carpets, rugs, upholstery, and pet bedding. It safeguards [protects] your home from flea build-up, while protecting your pets and family from bites. Use in homes, garages, attics and apartments.]

RF2177 WB Carpet RTU [Brand name][noun] kills adult and pre-adult fleas. It prevents pre-adult fleas from hatching into adult biting fleas for 7 months [30 weeks][210 days]. One treatment gives continuous protection against pre-adult fleas for 7 months [210 days][30 weeks].

RF2177 WB Carpet RTU [Brand name][noun] kills fleas], [ticks], [cockroaches], [silverfish], [earwigs], [ants], [scorpions], [spiders], [crickets], [pillbugs], sowbugs] [carpet beetles], [confused flour beetles], [centipedes], [darkling beetles], [dermestids], [firebrats], [flies], [fruit flies], [gnats], [Indian meal moths], [lesser grain borers], [millipedes], [mosquitoes], [moths], [red flour beetles], [saw-toothed grain beetles], [wasps], and [&][other listed insects] [on contact]. This product is designed for use on all fabrics and carpeting; however, some natural fibers [such as wool] and synthetics may be adversely affected by any liquid product - always test a hidden area prior to use. [Lighter colored carpets may show some soiling after treatment. To help avoid soiling carpets, allow product to dry completely before walking on treated areas.]

To protect your pet against fleas outdoors, use a [brand name] flea or flea and tick collar, [brand name] pet dust [powder], [brand name] pet spray, [brand name] pet sponge-on, [brand name] pet topical, [brand name] pet shampoo, or other appropriate product registered for on-animal use.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before using.

Fleas: Use RF2177 WB Carpet RTU [Brand name][noun] in homes, [garages],[attics], [apartments] and [hotels]. One bottle will treat a surface area equivalent to [350 sq. ft.] approximately [3] [10' X 11.5'] rooms. A fine spray applied uniformly is all that is necessary to kill fleas. Do not wet furniture and carpeting. Remove birds and cover aquariums before spraying. For maximum effectiveness, treat entire carpeted area. Treat carpets, rugs, drapes and all surfaces of upholstered furniture. Remove old pet bedding and replace with clean fresh bedding after treatment of pet area. Reapply every 2 weeks if necessary. Vacate treated areas and do not return for at least one hour.

Avoid contamination of food and foodstuffs. Do not use in the edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared, processed, stored, or served.

To kill [ticks], [cockroaches], [silverfish], [earwigs], [ants], [scorpions], [spiders], [crickets], [pillbugs], sowbugs] [carpet beetles], [confused flour beetles], [centipedes], [darkling beetles], [dermestids], [firebrats], [flies], [fruit flies], [gnats], [Indian meal moths], [lesser grain borers], [millipedes], [mosquitoes], [moths], [red flour beetles], [saw-toothed grain beetles], wasps], and [&][other insects] in the environment, apply directly to pests.

Bed Bugs: Thoroughly inspect areas of suspected bed bug infestation and note potential or actual sites where bed bugs hide. [(For professional use products) -Instruct residents to] Remove or pick up clothing and other obstacles that prevent thorough inspection or treatment. Remove and sanitize infested bedding, clothing, or other items. **Do not apply to bedding. Wash bedding and dry using medium to high heat to kill bed bugs.**

Apply [brand name][noun] to areas where bed bugs live, especially hidden sites. Apply thoroughly as a spot, crack and crevice, or surface application. Focus applications to hidden sites such as behind dressers, cove base, under carpets and furniture, inside and on box springs, under beds, behind mirrors and pictures, and other locations where bed bugs hide.

Apply as a surface application to carpeting, drapes, and flooring at the rate of ¼ fl oz/3.6 ft² (about 8 pumps). Apply [Brand name][noun] directly to mattresses, **do not saturate the mattress**, focus applications on seams and folds. Allow mattress to dry thoroughly before replacing bedding.

STORAGE AND DISPOSAL: Pesticide Storage: Store in original container away from children. Protect from freezing or high temperatures. **Pesticide Disposal:** Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
