

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

2724-826

Date of Issuance:

12/2/22

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

RF2181 KD A/T COMBO

Name and Address of Registrant (include ZIP Code):

Noelle S. Sanfilippo
Regulatory Affairs Specialist
Central Garden & Pet Company
1501 E. Woodfield Road, Suite 200W
Schaumburg, IL 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)
Office of Pesticide Programs

Date:

12/2/22

2. Consistent with the guidance on [Pet Spot-On Enhanced Reporting Implementation \(updated Aug. 2019\)](#), the Agency has reviewed your request to remove the two-year registration expiration date and has found your company to be in compliance with the terms and conditions for the subject product. Further, the Agency has reviewed a sample of enhanced reporting using EPA's standardized templates, as described in Condition 3. hereafter, and concluded that the use of the standardized templates for enhanced reporting for this product will considerably improve pharmacovigilance and thus the continued safety of this product. Therefore, the Agency is removing the two-year registration expiration date for this product. The product remains subject to all other previously required conditions of registration, including the submission of enhanced incident reports and sales information as stated in the initial registration notice dated 11/08/2012 and amended below to require continued use of the standardized templates.
3. The Agency has reviewed your request to change the terms of your registration from quarterly to annual submission of enhanced incident and sales reports using EPA's standardized templates. Based on an initial screening of sample enhanced reports, the sample submission was determined to be adequate and the templates were successfully used. Therefore, the condition of quarterly submission of enhanced incident and sales reports is hereby amended to annual submission with continued use of these standardized templates. You must submit enhanced incident and sales reports for this product to the Agency every 12 months from the date the product is first released for shipment, or from the end date in the last quarterly enhanced reporting submission. The initial released-for-shipment date must be provided to the Product Manager, once known. The enhanced reporting submission should be addressed to the Product Manager's attention and must use the standardized, electronic templates available on the EPA website through the following links: [Enhanced Incident Reporting Template](#), [Sales Reporting Template](#). Submissions must be received by the Agency no later than 60 days following the completion of the 12-month period. If the product is not marketed or sold, you must submit to the Product Manager a letter to this effect every 12 months in lieu of the enhanced incident and sales reports. Please follow appropriate procedures and flag any Confidential Business Information as such.
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 3 of 3
EPA Reg. No. 2724-826
Decision No. 550613, 571664

If you fail to satisfy these terms and conditions, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 05/25/2012

If you have any questions, you may contact Robert Mitchell at 202-566-2842 or via email at mitchell.robert@epa.gov.

1. DIRECTIONS FOR USE WITH [APPLICATOR][DEVICE][APPLICATOR DEVICE] RF2181 KD A/T COMBO

IMPORTANT! DO NOT Use on Dogs/Puppies weighing less than [6 lbs.] [13] [32] [80] lbs and LESS THAN 10 Weeks OLD

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS AND PUPPIES. DO NOT USE ON ANIMALS OTHER THAN DOGS!

DO NOT ALLOW CHILDREN TO APPLY PRODUCT.

INTRODUCTION:

[RF2181 KD A/T COMBO] prevents flea eggs from developing into adult fleas for [10 weeks][75 days][2.5 months]. RF2181 KD A/T COMBO also [kills fleas and ticks for [4 weeks][1 month][30 days]] [controls fleas and ticks for 1 month] and kills and repels mosquitoes for 4 weeks.)

Effective flea & tick control for your dog/puppy.

[brand] provides flea and tick protection for dogs/puppies for [30-days][1 month][4 weeks] – and protection from flea reinfestation for [75 days][2.5 months]. That’s because it doesn’t just kill adult fleas and ticks, it also prevents reinfestation on your dog/puppy by knocking out flea eggs and larvae that could hatch later on. Plus, it kills and repels mosquitoes.

The [brand] [Applicator][device][applicator device] is specially designed to make applying flea and tick control easier, more precise -- and neater – than ever before. You simply insert the appropriate [brand] [tube] [vial][cartridge] for your dog/puppy into the [applicator][device][applicator device], close it and squeeze to apply. The [applicator’s][device’s][applicator device’s] ergonomic, contoured shape [design] makes it easy to grip and a built-in fin [tip] [comb] helps to spread [part] the [your] dog’s/puppy’s hair to allow the liquid to more readily [better] reach [apply] the [to] [your dog’s/puppy’s] skin. The [tube] [vial][cartridge] is sealed inside, so you can be confident that the liquid goes onto your dog/puppy – and not your hand. Plus, if the [applicator][device][applicator device] is laid down on a table, counter or other flat surface, it won’t run out or drip.

The RF2181 KD A/T COMBO provides a unique [applicator][device][applicator device] that allows dog/puppy owners to treat their dogs/puppies more securely, and dispose of liquid [cartridges] [tubes][vials]with less mess.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label. [If you choose to apply directly to dog without using the [applicator][device][applicator device], read and follow the Directions for Use For Direct Application to Dog on this package.]

USE RESTRICTIONS:

Apply this product once every [30 days][1 month][4 weeks] . **If necessary for heavy infestation, product can be reapplied at 8 or more days after the initial application but do not retreat more than once per [month][30 days][4 weeks]. Do not apply more than one [vial] [tube][cartridge] per treatment on dog regardless of the dog’s weight. Do not get this product in dog’s/puppy’s eyes or mouth. Do not allow your dog/puppy to ingest this product. Do not apply to dogs/puppies weighing less than [6][13][32][80] lbs and less than 10 weeks old .

RF2181 KD A/T COMBO works by application directly to the dog's/puppy's skin, not to the hair. When applying, use [applicator][device][applicator device] tip to push aside dog's/puppy's hair to allow direct application to the skin.

{Note: Each package contains sufficient [tubes][vials]cartridges for {# – depending on package size} applications}

{DFU Set No. 1}

FOR [TOY/SMALL][MEDIUM] DOGS/PUPPIES weighing [6-12 lb][13-31 lb] and 10 weeks of age or older

To apply the [RF2181 KD A/T COMBO] treatment, use one disposable liquid [cartridge] [tube][vial][for each application] with the [applicator][device][applicator device].

{bullets may be used instead of numbers}

1. OPEN [icon]{see pgs 7-9 for icon options}

Use finger scoop to lift open [color, e.g. green] door.

2. LOAD [icon] {see pgs 7-9 for icon options}{2 alternate statements}

-[To Load, place [tube] [cartridge][vial] white side up into the open [applicator][device][applicator device] with front of [tube][vial][cartridge] placed under tab on door]

-[To Load, place tube [cartridge][vial] white side up into the [open] [applicator][device][applicator device] with tip end of [tube][vial][cartridge] placed under [color][U-shaped] tab on door]

[Ensure that [tube] [cartridge][vial] fits securely in the [applicator][device][applicator device].]

3. CLOSE [icon] {see pgs 7-9 for icon options}

Gently close the [color, e.g. green] door [and] the [tube][vial][cartridge] will snap open.

4. APPLY [icon] {see pgs 7-9 for icon options}

The dog/puppy must be dry and standing for application. Dog/puppy should remain dry for 24 hours after application. To apply, use [front edge of [applicator][device][applicator device]] [tip] to part hair and get next to dog's/puppy's skin. Press [circle] [[round] thumb pad] on [color-green] door [number-once] at each of [two] {Toy/Small dogs/puppies} [three] {Medium dogs/puppies} evenly placed spots between the shoulder to the base of the tail. Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy. Do not spread RF2181 KD A/T COMBO by hand over the dog/puppy. Although the dog's/puppy's skin and hair oils will distribute the application over the entire dog/puppy, brushing the dog/puppy 12-24 hours after treatment will help to distribute the material over the skin.

5. DISPOSE [icon] {see pgs 7-9 for icon options}

[When finished, hold [applicator] [device][applicator device] over trash.] To dispose of empty [tube][vial][cartridge], open [color, e.g. green] door and drop empty [tube][vial][cartridge] into trash or offer for recycling if available. Close [applicator] [device][applicator device] door and store in original package.

6. RETREATMENT [REAPPLICATION] {2 Alt. statements}

- [**Do not reapply product for [30 days][1 month][4 weeks] unless re-treatment is required for heavy infestation, but not sooner than 8 days after the initial treatment. Do not retreat more than once per [month][30 days][4 weeks].]

- [**If necessary for heavy infestation, product can be reapplied, but not sooner than 8 days after the initial treatment. Do not retreat more than once per [month][30 days][4 weeks].]

{Note: Each package contains sufficient [cartridges][tubes][vials] for [1, 3 or 4 {-depending on package size} applications}

FOR [LARGE][EXTRA LARGE] DOGS/PUPPIES weighing [32-79 lb][80 lb and over] and 10 weeks of age or older

{bullets may be used instead of numbers}

- 1 {Same as above}
- 2 {Same as above}
- 3 {Same as above}
- 4 APPLY [icon] {see pgs 7-9 for icon options}

The dog/puppy must be dry and standing for application. Dog/puppy should remain dry for 24 hours after application. To apply, use [front edge of [applicator][device][applicator device]][tip] to part hair and get next to dog's/puppy's skin. Press [circle] [[round] thumb pad] on [color][green] door [number-once] at each of four or five evenly placed spots between the shoulder to the base of the tail. Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy. Do not spread RF2181 KD A/T COMBO by hand over the dog/puppy. Although the dog's/puppy's skin and hair oils will distribute the application over the entire dog/puppy, brushing the dog/puppy 12-24 hours after treatment will help to distribute the material over the skin.

- 5 {Same as above}
- 6 {Same as above}

{Note: Each package contains sufficient [cartridges][tubes][vials] for [1, 3 or 4 depending on package size] applications}

RF2181 KD A/T COMBO is most effective when used as part of a total flea and tick management program. Use other [Brand Name] products registered for residential area control of these pests in conjunction with this treatment. [Monthly][30 day][4 week] treatments are required for optimal control and prevention of fleas.

[The successive feeding activity of fleas on dogs/puppies may elicit a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of dogs/puppies with RF2181 KD A/T COMBO kills fleas that may cause FAD.] [RF2181 KD A/T COMBO is water resistant after 24 hours from treatment and remains efficacious following exposure to rainfall or swimming.]

Treatment table can be expanded based on package size. (6 months)]

STORAGE and DISPOSAL: . **Pesticide Storage:** Store [tubes][vials][cartridges] together in a cool area away from children and animals. Liquid [Cartridge] [vial][tube] **Pesticide Disposal and Container Handling:** Do not reuse [cartridge] [vial] [tube]. **If empty:** Place in trash or offer for recycling if available. **If partially filled:** Call your local solid waste agency for disposal instructions. Do not dispose of down-the-drain or sewer.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS - CAUTION:

HAZARDS TO HUMANS: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repeated exposure to Etofenprox can cause skin irritation.

HAZARDS TO ANIMALS: DO NOT USE ON DOGS/PUPPIES LESS THAN 10 WEEKS OLD OR WEIGHING LESS THAN [6][13][32][80] {as appropriate for package size} lbs. For external use only. Consult a veterinarian before using this product on debilitated, aged, pregnant, or nursing dogs. Certain medications can interact with pesticides. This product is not a substitute for prescribed heartworm preventative. Consult a veterinarian before using on medicated dogs. Sensitivities may occur after using ANY pesticide product for dogs. Some sensitive dogs may experience temporary skin irritation such as itching or redness at the application site. If signs of sensitivity occur, bathe your dog/puppy with mild soap and rinse with large amounts of water.

If signs persist or become more severe, call 1-800-brand phone number or contact your veterinarian immediately.

FIRST AID	
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after first 5 minutes, then continue rinsing• Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents) you may call 1-888-987-4410, 24 hours/day, 7 days/week..	

{A box labeled Side Effects will appear immediately above the cat warning box on the back panel.}

SIDE EFFECTS: Monitor your dog/puppy after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or Wellmark at 1-800-234-2269.

DO NOT USE ON CATS.
Keep cats away from treated dogs/puppies for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

{a 1.5 cm X 1.5 cm cat prohibition icon and warning text in a box will be located at the lower right hand corner of the back panel in yellow with black images and text.}

WARRANTY AND CONDITIONS OF SALE:

Seller warrants that this product conforms to the chemical specifications expressed on the label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller's liability for default, breach, or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

In case of emergency or for product information, call 1-800-243-2269 or contact your veterinarian if your pet is experiencing an adverse event.

IMPORTANT! DO NOT Use on Dogs/Puppies weighing less than [6 lbs.] [13] [32] [80] lbs and LESS THAN 10 Weeks OLD

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS/PUPPIES. DO NOT USE ON ANIMALS OTHER THAN DOGS! DO NOT ALLOW CHILDREN TO APPLY PRODUCT.

[RF2181 KD A/T COMBO] prevents flea eggs from developing into adult fleas for [10 weeks] [75 days][2.5 months]. RF2181 KD A/T COMBO also kills fleas and ticks for [4 weeks][1 month][30 days] and kills and repels mosquitoes for 4 weeks.]

[Effective flea & tick control for your dog/puppy.

[brand] provides flea and tick protection for dogs/puppies for [30-days][1 month][4 weeks] – and protection from flea reinfestation for [75 days][2.5 months]. That’s because it doesn’t just kill adult fleas and ticks, it also prevents reinfestation on your dog/puppy by knocking out flea eggs and larvae that could hatch later on. Plus, it kills and repels mosquitoes.]

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

[To apply the RF2181 KD A/T COMBO treatment with the [Brand Name] [applicator][device][applicator device], use one disposable liquid [cartridge] [tube][vial][for each application] with the [applicator] [device][applicator device].]

[Remove one refill [tube] [cartridge][vial] from the package and insert into opened [brand name] [applicator] [device][applicator device]. Make application according to label directions supplied with the [brand name] [applicator] [device][applicator device].] If you need directions for application, please call 1-800-234-2269]

[However, if you choose to apply directly to dog/puppy without using the [applicator] [device][applicator device], read and follow the Directions for Use For Direct Application to Dog /Puppy on this package.]

[DIRECTIONS FOR USE FOR DIRECT APPLICATION TO DOG/PUPPY]

USE RESTRICTIONS:

Apply this product once every [30 days][1 month][4 weeks]. **If necessary for heavy infestation, product can be reapplied at 8 or more days after the initial application but do not retreat more than once per [month][30 days][4 weeks]. Do not apply more than one [vial] [tube][cartridge] per treatment on dog regardless of the dog’s weight. Do not get this product in dog’s/puppy’s eyes or mouth. Do not allow your dog/puppy to ingest this product. Do not apply to dogs/puppies weighing less than [6][13][32][80] lbs and less than 10 weeks old .

RF2181 KD A/T COMBO works by application directly to the dog’s/puppy’s skin, not to the hair. When applying, manually push aside dog’s/puppy’s hair to allow direct application to the skin. Do not get this product in dog’s/puppy’s eyes or mouth.

{Note: Each package contains sufficient [tubes][vials][cartridges] for [1, 3 or 4 {#-depending on package size}] applications}}

{bullets may be used instead of numbers}

FOR [TOY/SMALL][MEDIUM] DOGS/PUPPIES weighing [6-12 lb][13-31 lb] and 10 weeks of age or older

1. [Bend at perforation and tear off first [tube][vial][cartridge].]
2. [Hold [tube][vial][cartridge][and bend area of plastic at perforation, tear off and discard.]] Hold [tube] [vial][cartridge] upright and snap tip back, away from face and body.
3. The dog/puppy should be dry and standing for easy application. Dog/puppy should remain dry for 24 hours after application. Apply RF2181 KD A/T COMBO evenly to [two spots]{toy/small dogs/puppies}[three spots]{medium dogs/puppies} on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the [tube][vial][cartridge] on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy.
4. Do not spread RF2181 KD A/T COMBO by hand over the dog/puppy. Although the dog's/puppy's skin and hair oils will distribute the application over the entire dog/puppy, brushing the dog/puppy 12-24 hours after application will help to distribute the material over the skin.
5. Discard empty [tube][vial][cartridge] as described in Storage and Disposal.
6. ****Do not reapply product for [30 days][1 month][4 weeks] unless re-treatment is required for heavy infestation, but not sooner than 8 days after the initial treatment. Do not retreat more than once per [month][30 days][4 weeks].**

{Note: Each package contains sufficient tubes/applicators for [1, 3 or 4 depending on package size] applications}

FOR [LARGE][EXTRA LARGE] DOGS/PUPPIES weighing [32-79 lb][80 lb and over] and 10 weeks of age or older

1. [Bend at perforation and tear off first [tube] [vial][cartridge].]
2. [Hold [tube] [vial][cartridge] [and bend area of plastic at perforation, tear off and discard.]] Hold [tube] [vial][cartridge] upright and snap tip back, away from face and body
3. The dog/puppy should be dry and standing for easy application. Dog/puppy should remain dry for 24 hours after application. Apply RF2181 KD A/T COMBO evenly to four or five spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the [tube] [vial][cartridge] on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy.
4. Do not spread RF2181 KD A/T COMBO by hand over the dog/puppy. Although the dog's/puppy's skin and hair oils will distribute the application over the entire dog/puppy, brushing the dog/puppy 12-24 hours after application will help to distribute the material over the skin.
5. Discard empty [tube] [vial][cartridge] as described in Storage and Disposal.
6. ****Do not reapply product for [30 days][1 month][4 weeks] unless re-treatment is required for heavy infestation, but not sooner than 8 days after the initial treatment. Do not retreat more than once per [month][30 days][4 weeks].**

RF2181 KD A/T COMBO is most effective when used as part of a total flea and tick management program. Use other [Brand Name] products registered for residential area control of these pests in conjunction with this treatment. [Monthly][30 day][4 week] treatments are required for optimal control and prevention of fleas.

[The successive feeding activity of fleas on dogs/puppies may elicit a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of dogs/puppies with RF2181 KD A/T COMBO kills fleas that may cause FAD.] [RF2181 KD A/T COMBO is water resistant after 24 hours from treatment and remains efficacious following exposure to rainfall or swimming.]

[TREATMENT SCHEDULE Dosage: 1 [cartridge] [tube][vial] every [30 days][1 month][4 weeks] per dog/puppy			
Dog's/Puppy's Name	First Treatment Date	Second Treatment Date ([30 Days][1 month][4 weeks] From 1 st)	Third Treatment Date ([30 Days][1 month][4 weeks] From 2 nd)
