CHIEF

KILLS (DOG TICKS - BEDBUGS - SILVERFISH
CARPET BEETLE - ANTS - ROACHES
FLIES - FLYING MOTHS)

CAUTION

KEEP OUT OF REACH OF CHILDREN
SEE BACK PANEL FOR FURTHER CAUTIONS

NET WEIGHT 15 OZS.

DIRECTIONS: Hold dispenser 2 to 3 feet away from objects when spraying.

DOG TICKS, FLEAS: (Note: If ticks have caused festering sores on dog, consult veterinarian.) At first sign of ticks or fleas, spray dog thoroughly but lightly twice daily, avoiding eyes, nose and mouth. (Make sure each tick receives direct application.) Spray animal's sleeping quarters thoroughly; -- floors, floor coverings and bedding. Repeat daily for several days, then as needed.

BEDBUGS, SILVERFISH, ROACHES: Spray directly and thoroughly into all wall cracks, cupboards, baseboards and moldings; spray around and under stoves, refrigerators, water closets, sinks, toilets and water pipes; for bedbugs also spray all parts of bed, paying attention to joints, and tufts in mattress. Repeat weekly for three weeks, then as needed.

ANTS: Spray runways and ant trails often as needed. Keep premises clean and dry. Repair cracks, leaky faucets and pipe fittings.

TO TREAT HORSES, CATTLE, HOGS: Hold dispenser 18 to 24 inches away from animal and spray (using a sweeping motion) from front to rear, applying over the entire body. To apply on face, spray on cloth and rub on animal's face. Apply sufficient material to wet the face of the animal. Repeat as necessary. Pyro Chief produces a show ring luster at the same time as it kills and repels horseflies, hornflies, houseflies, deer flies, stable flies, mosquitoes, and provides temporary relief from face flies.

CARPET BEETLE: Pick up and dispose of all lint. Spray thoroughly all carpeting, rugs, furs, woolens and felts, paying particular attention to areas around baseboards, moldings, under and around heavy furniture, inside pianos, desks, etc., wherever felt is used. Repeat weekly for three weeks, then as needed.

FLIES, MOSQUITOES, AND FLYING MOTHS: Release spray upward and in all directions into air of closed room approximately 10 seconds for each 1000 cubic feet. After 15 minutes, doors and windows may be opened.

ACTIVE INGREDIENTS	
Pyrethrins	0.50%
• Technical Piperonyl Butoxide	1.00%
N-octyl bicycloheptene dicarboximide	1.67%
Petroleum distillate	16.83%
	20.00%

INERT INGREDIENTS	
	80.00%
	100.00%

*Equivalent to 80% (butylcarbityl) (6-propyl-piperonyl) ether and 20% related compounds.

CAUTION DO NOT STORE WHERE TEMPERATURES EXCEED 120° F. CONTENTS UNDER PRESSURE. DO NOT THROW CONTAINER IN FIRE OR INCINERATOR. DO NOT PUNCTURE CONTAINER. BEFORE SPRAYING, COVER FISH BOWLS, AQUARIUMS, FOOD AND FOOD CONTAINERS.
