DIRECTIONS FOR DOGS
TO DIP OR BATHE: Mix 8 oz. of this concentrate with 15 gals. of water. (8 oz. to 15 gals. effective in certain localities.) Stir well. Two treatments, one week apart, for sarcoptic mange. One application will kill ticks and fleas. Repeat treatment only at signs of reinfestation, not to exceed once in 10 days.

KENNEL SPRAYING: Mix 10 oz. with 15 gals. of water.

FLY CONTROL: Mix 40 oz. with 12½ gals. of water. Saturate exterior surfaces to point of run off.

CAUTIONS: Do not use in dairy barns. Do not use on nursing females or pups under 4 months. Do not use on cats or dairy animals. Avoid prolonged breathing of vapor. Do not leave on skin. Wash hands and face. Harmful if swallowed. Keep out of reach of children. Avoid contamination of feed and utensils. Inflammable. Keep away from heat and open fire.

OBSERVE DOG AFTER DIPPING. IF REACTION OCCURS, WASH DOG WITH SOAP AND WATER.

Oil slick spots or film on top of dip solution indicate break in emulsion and danger to dog. When such is evident discard and mix new dip. If dip is not milky smooth, do not use. Happy Jack, Inc. nor its sellers are responsible for untoward results from the use or handling of this product, and they make no warranty of any kind, expressed or implied.
