UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JUN 27 1997

Mr. Jerry Ott
Happy Jack, Inc.
P.O. Box 475
Snow Hill, NC 28580

Subject: Amended Product Labeling in Response to PR Notice 96-6
Onex
EPA Registration Number 2781-9
Submission Dated March 24, 1997

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below.

1. A section entitled "Hazards to Humans and Domestic Animals" should be inserted directly under the general heading "Precautionary Statements." This section is required indicating the particular hazard, the route(s) of exposure and the precautions to be taken to avoid accident, injury or damage. The precautionary paragraph shall be immediately preceded by the appropriate hazard signal word. Since Onex has been classified as toxicity category III, the following appropriate statement(s) should be modified or expanded to reflect specific hazards and inserted within the heading "Hazards to Humans and Domestic Animals."

- a. If there are oral, inhalation or dermal toxicity category III routes of exposure then the following appropriate statement must be inserted:

CONCURRENCES

SYMBOL							
SURNAME		75050					
DATE		6/25/97					

"Harmful if swallowed [inhaled or absorbed through the skin]. Avoid breathing vapors [dust or spray mist]. Avoid contact with skin [eyes or clothing]. [Appropriate first aid statement required].

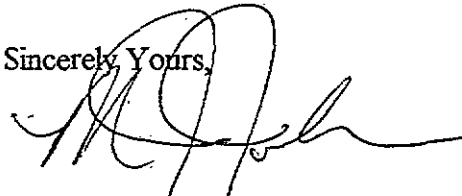

b. If there are localized skin and eye toxicity category III routes of exposure, then the following statement must be inserted:

"Avoid contact with skin, eyes or clothing. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists."

c. All other existing precautionary information must also be appropriately listed on the label.

Five copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is attached for your records. If you have any questions or comments, please contact Richard J. Gebken at (703) 305-6701.

Sincerely, Yours,

Marion J. Johnson, Jr.
Product Manager 10
Insecticide-Rodenticide Branch
Registration Division (7505C)

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS AND HORSES**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS: To treat superficial wounds, abrasions, sores and scratches apply enough ointment to completely cover the affected area. Use daily. For information, call 1-800-328-5225.

PRECAUTIONARY STATEMENTS

CAUTION: Not for human use. Wash hands after using. Do not use on horses to be used for human consumption. Do not use on animals under 12 weeks of age. Do not use on debilitated, medicated, aged, pregnant or nursing animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.
