

A residual, insecticidal shampoo rich in conditioners that add lustre and groomability to the hair. Kills Fleas, Ticks, and Sarcoptic Mange Mites.

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Wet the dog and apply approximately 2 oz. shampoo for every 15 lbs. body weight, working it well into the hair. For best results, the dog should be left in a lathered state for 1 to 2 minutes before rinsing.

Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or chemicals.

Do not treat dogs more than once every four weeks.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Not for human use. Harmful if swallowed. Avoid eye contact. In case of eye contact, flush eyes immediately with plenty of water. Get medical attention if irritation persists. Avoid excessive contact with skin or clothing. Wash hands thoroughly with soap and warm water after treating an animal. Contaminated utensils should not be used for food purposes after use with insecticides. Chlorpyrifos is a cholinesterase inhibitor.

Atropine by injection is antidote only if symptoms of cholinesterase inhibition are present.

Use rubber gloves when using this product to bathe dogs.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: call a physician. Atropine by injection is an antidote.

IF IN EYES: flush eyes with plenty of water and get medical attention if irritation persists.

IF ON SKIN: remove contaminated clothing and wash skin with soap and water.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.
