It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To Kill Fleas, Ticks, Mosquitos, & Gnats:

Mix two (2) fluid ounces (4 tablespoons) of concentrate to a gallon of water (16 fl. oz. to 8 gal.) Spray in and around kennel and in yard. Repeat as needed.

Precautionary Statements

Hazards to Humans and Domestic Animals

Caution: Harmful if swallowed. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Wash thoroughly after handling. Do not allow spray to contact food, feedstuffs or water supplies. Do not allow children or pets to contact treated surfaces until spray has dried.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center. Do not induce vomiting because of aspiration hazard.

If in Eyes: Flush with plenty of water. Get medical attention if irritation persists.

If on Skin: Wash thoroughly with soap and warm water.

NOTE to physician: Atropine sulfate by injection is antidotal only if signs of cholinesterase inhibition are present.

Physical and Chemical Hazards

Do not use, pour, or store near heat or open flame.

STORAGE And DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.
