) DIRECTIONS)

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USING

Remove dauber from bottle with a slow twisting motion and smear one streak down the dog's back. Redip the dauber and apply one streak on the chest. Again redip and smear one streak around the dog's neck. Apply just enough Streaker to wet the hair. One treatment will kill fleas for 14 days. To kill ticks, apply directly to each tick. To kill mange mites, apply to the affected area.

Do not use this product on animals simultaneously or within 14 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides or chemicals.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Not for human use. Harmful if swallowed. Avoid eye contact. In case of eye contact, flush eyes immediately with plenty of water. Get medical attention if irritation persists. Avoid excessive contact with skin or clothing. Wash hands thoroughly with soap and warm water after treating animals. Contaminated utensils should not be used for food purposes after use with insecticides. Do not use on cats or toy breeds. Avoid applying to bare skin when treating for fleas.

"Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, only by injection, is the preferable antidote.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not give anything by mouth to an unconscious person.

IF IN EYES: Flush eyes with plenty of water and get medical attention if irritation persists.

IF ON SKIN: Remove contaminated clothing and wash skin with soap and water.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store in original container in a locked area.

Do not reuse empty container. Wrap container and put in trash collection.
