

PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS
AND DOMESTIC ANIMALS:**

CAUTION

Avoid breathing vapors or spray mist.
Avoid contact with eyes, skin or clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate lakes, streams or ponds with rinse water or disposal of wastes. Do not apply directly to water.

Avoid contamination of fertilizers, seeds, plants and other pesticides, since this product inhibits germination.

PHYSICAL OR CHEMICAL HAZARDS

Flammable!

Keep away from heat, sparks and open flame.
Keep container closed. Use with adequate ventilation

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE

Avoid exposure to air and humid environment. Avoid storage below freezing temperature. Prolonged storage may result in crystal or gel formation. Warming contents and good agitation will restore to useable condition. Do not heat above 80°F.

PESTICIDE DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Directions for use continued on right side panel.

EPA Est. No. 2792-CA-1
EPA Reg. No. 2792-41

Net Contents 5 gallons (18.9 liters)

DIRECTIONS FOR USE (continued)

One gallon of Decco 273 Aerosol is the rate of stored potatoes. Apply at 1/2 lb of active ingredient per 400 cwt of potatoes. Formulation is to be used for post-harvest, cored potatoes only. Do not use on untreated seed potatoes. CIPG will prevent tuber periderm formation in injured potatoes after a two week minimum healing period prior to its application. For details, consult the Product Data Sheet.

For long term storage, residue samples are required during the storage period. Should the residue levels exceed the recommended levels, repeat application. Potatoes are to be held in storage until the applicator may use 2.0 lbs of active ingredient per 400 cwt of potatoes. For shorter storage periods, the initial amount of residue will vary. The initial amount of residue will vary. The initial amount of residue will vary. The initial amount of residue will vary.
