

SANI-LEMON fights household germs but without an unpleasant medicinal odor, helps prevent the spread of household germs which may cause many contagious diseases. Clean with SANI-LEMON wherever germs might exist. Use it anywhere unpleasant odors originate... its pleasant fragrance of freshly squeezed lemons makes it a long lasting deodorizer.

SANI-LEMON disinfectant makes a bright clear, yellow solution when mixed with water. No need to add soap or detergents for effective disinfecting.

For cleaning ceramic tile and grout, use **Tilene** Tile Cleaner. Also cleans vinyl, terrazzo tile, stubborn hard water and soap scum from shower doors.

NEW

Sold By: Pine-O-Pine Co.
Houston, Texas, U.S.A.
