TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

Sant-Lemon 22

NOTICE OF PESTICIDE:

☐ REGISTRATION
☐ REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Wing-G-Line Company
18 West 22nd Street
New York, N.Y. 10011
Tel. 212 7477
Fax 212 74108

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

- c. Include your complete EPA Registration number on the label.
- d. Revise your disposal statement to read:

Store only in tightly closed container in a secure area inaccessible to children, pets, food or feed.

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

Best Available Image

Do not reuse empty container. Rinse thoroughly before discarding in trash.

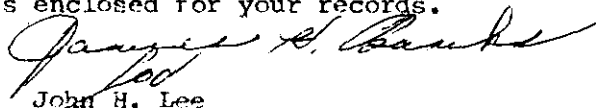

The heading "Storage and Disposal" must be of the same minimum type size as the "Keep out of Reach of Children" statement.

e. We note that you will only be using 1-gallon containers. If in the future you decide to use other size containers, contact our office for guidance in developing an appropriate disposal statement.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

EPA 700

Sani-Lemon 22 reduces the surface tension of water, improving its wettability. Microbes are capable of mass reproduction in sub-visible pores, scratches and cracks of surfaces. The excellent wettability of **Sani-Lemon 22** improves the penetration of the use solution into areas that otherwise might not be reached.

Sani-Lemon 22 is effective against a wide variety of gram-positive and gram-negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin. Has a pleasant lemon odor.

Sani-Lemon 22 mixes with water to form clear, stable use solutions. Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING

Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with an NPDES Permit. Do not contaminate water by cleaning of equipment or by disposing of wastes.

APPLICATION INFORMATION

Select the proper dilution of **Sani-Lemon** for your use from the directions below. Apply the use solution with a clean mop, sponge, cloth, squeegee, mechanical scrubber or mechanical spraying device.

Prepare fresh use solutions daily. Do not reuse solutions. Discard solutions when they become visibly soiled. For disinfection, thoroughly wet the surfaces to be treated. Surfaces must remain moist for at least 10 minutes to assure proper germicidal action. If desired, surfaces may then be rinsed with clean water or wiped with a clean, damp cloth to remove suspended soils.

This product may be used for cleaning and disinfecting hard, non-porous, inanimate environmental surfaces (glass, metal, glazed porcelain, linoleum, tile, smooth leather, vinyl, enameled and finished wood surfaces) on walls, floors, appliances and furnishings.

ACCEPTED
with COMMENTS
in EPA Letter Dated:

DEC 20 1984

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
2817-13

SANI-LEMON 22

LEMON ODOR DISINFECTANT- DEODORANT

*Kills *Pseudomonas*, *Salmonella* and
Staphylococcus.

ACTIVE INGREDIENTS

Alkyl (C₁₂: 58%, C₁₄: 28%, C₁₆: 14%)
dimethyl benzyl ammonium chloride..... 2.50%

INERT INGREDIENTS..... 97.50%

TOTAL INGREDIENTS..... 100.00%

This disinfectant is effective at a dilution of 4 oz. gal. (1.31) against *Pseudomonas aeruginosa* PRD-10, *Salmonella choleraesuis* ATCC 10706 and *Staphylococcus aureus* ATCC 6538 when tested by the ADAC Use Dilution Test Method for processed hard non-porous inanimate environmental surfaces.

This product may be used for cleaning and deodorizing, one-step cleaning and disinfection, or disinfection of processed non-porous inanimate hard surfaces.

KEEP OUT OF REACH OF CHILDREN WARNING

(See additional precautions on side panel)

PRACTICAL TREATMENT (FIRST AID): In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, raw egg whites, gelatin solution or, if these are not available, drink a large quantity of water. Avoid alcohol. Call a physician immediately.

Only for sale to, use, and storage by Service Persons

EPA Reg. No. 2817-

NET CONTENTS: 1 U.S. Gallon

Pine O Pine Co., Houston TX 77008 USA

USE DIRECTIONS GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CLEANING

To clean and Deodorize or to Preclean Prior to Disinfection: Depending on the soil level of the area to be cleaned, use 8 to 16 oz. of **Sani-Lemon 22** per gallon of water.

DISINFECTING

Hospitals, Veterinary Clinics, Nursing Homes, and Other Medically related uses: Use 1 part of **Sani-Lemon 22** per 22 parts of water (5 1/2 oz./gal.) for one-step cleaning and disinfection of areas with light to medium soil loads. For heavily soiled areas, preclean as described above and then disinfect with **Sani-Lemon 22** at 1 part to 31 parts water (4 oz./gal.).

Schools, Industrial areas, Homes, Barber shops, Restrooms, Restaurants, Food and Meat Processing Plants (non-food processing areas), Public rooms, Other Non-Medical uses: Preclean surfaces. Then, disinfect with a solution of 1 part of **Sani-Lemon 22** in 50 parts of water (2 1/2 oz./gal.). Alternatively, clean and disinfect in one operation using 5 1/2 oz. of per gallons of water.

For deodorizing garbage cans, garbage trucks, industrial waste receptacles, and garbage handling equipment. It is especially important to preclean for the product to perform properly. Then, apply a wetting concentration of 12 oz. of **Sani-Lemon 22** per gallon of water.

For mildew control: Follow directions for hospital disinfection. Repeat treatment every seven days, or when new growth appears.

Sani-Lemon 22 may be used through automatic floor scrubbing equipment.

This DISINFECTANT has not been tested for effectiveness against *Mycobacterium tuberculosis* and must not be relied upon where tuberculocidal activity is intended.

THIS PRODUCT must not be used on food contact surfaces.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.
