NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment.
  - a. Add the phrase, "EPA Registration No. 2823-31".
  - b. Under "Keep Out of Reach of Children" add the heading "Precautionary Statements" "Hazardous to humans (& Domestic Animals)".
  - c. Add the following to the Caution paragraph:  
 "harmful if swallowed. First Aid: In case of accidental ingestion, induce vomiting, consult a physician or poison control center. In case of skin or eye irritation flush well with water. Obtain medical attention if irritation occurs."

(Please note that items (b) and (c) above were requested in our previous letter).

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca  
Product Manager (15)  
Insecticide-Rodenticide Branch  
Registration Division (TS-767C)

DRAFT LABEL

SYNERID<sup>R</sup> FLY CONTROL B

FOR AGRICULTURAL AND INDUSTRIAL USE ONLY

ACTIVE INGREDIENT: Erythrosine B[9(c-carboxyphenyl)-6-hydroxy-2,4,5,7-tetraiodo-3H-xanthen-3-one, disodium salt, includes lower iodinated fluoresceins] . . . . . 0.65%

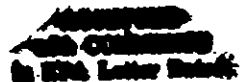

INERT INGREDIENTS . . . . . 99.35%

KEEP OUT OF REACH OF CHILDREN

CAUTION

Avoid contact with skin, eyes and clothing. This product will temporarily leave a red stain. Wash thoroughly with soap and water after handling.

APPLICATION:

A housefly control for use in confined animal facilities where fly populations are expected to pose a problem.

JUL 30 1986

THIS PRODUCT MUST BE USED WITH MUSCALURE

NET CONTENTS: 0.8 Gallon (3,000 ml.)

DIRECTIONS FOR USE:

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

2823-31

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR SUPPRESSION OF HOUSEFLIES IN CONFINED ANIMAL FACILITIES:

Remove the original closure and discard. Replace the closure with the dispensing trough by screwing it firmly on the threaded neck of the container.

Invert, place the wicking material in the dispensing trough and affix on the dispenser two fly lures. Suspend dispenser at convenient places.

When each hanging dispenser is nearly empty, take it down, disassemble, clean the delivery port and replace the wicking material as necessary. Discard any unused product by pouring it down the drain and flushing with plenty of water. Set the dispenser upright and fill it within one inch of the neck with SYNERID<sup>R</sup> FLY CONTROL B. Screw the trough firmly on the reservoir. Invert and place the wicking material in the dispensing trough. Affix on the dispenser two fly lures if the lures are missing, damaged or soiled. Return the dispenser to its original location in the confined animal facility. Clean the solution delivery port as necessary.

STORAGE AND DISPOSAL:

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE:

Store in a cool, dry area. Do not freeze. Protect from impact with sharp or pointed objects. Store only in original container until ready for use.

If container is damaged, but not leaking, use contents as soon as possible. If damage has caused leakage, dispose of product and container as detailed below.

DISPOSAL:

PRODUCT - In case of spillage or leakage, dike and absorb, repack the residue, and dispose of in accordance with state and local regulations. WASTES RESULTING FROM THE USE OF THIS PRODUCT MAY BE DISPOSED OF ON SITE OR AT AN APPROVED WASTE DISPOSAL FACILITY.

CONTAINER - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved of by state and local authorities. If non-metallic, this container may be disposed of by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
