# Cunilate® 2174-P

Controls Mold and Mildew on Wood, Cardboard and Heavy Fabrics

## CAUTION

**Keep Out of Reach of Children** — Do not allow in direct contact with skin. Do not allow material to be splashed in eyes. Avoid contact with clothing. Harmful if swallowed.

If splashed on skin, wash thoroughly with soap and water. If splashed in eyes, wash eyes immediately with copious amounts of water and secure medical attention immediately. Wash after handling.

This product is toxic to fish and wildlife. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place.

## DIRECTIONS FOR USE

Cunilate 2174-P is recommended for use in the dip treatment of wood containers for harvesting fruit and vegetables. The treating solution should be prepared as follows: Heat the Cunilate 2174-P to 120°F. to melt. Add 2.5% by weight to 97.5% mineral spirits (end point 380° to 390°F). Mix the solution well and apply to the wood product by dipping for 2 to 3 minutes. Remove the treated wood item, allow to drain and dry in well ventilated area until no solvent odor remains (approximately 24 hours).

Cunilate 2174-P may also be used in the treatment of heavy ducks. For non-military items prepare the solution as above. Treat by dipping and padding. Dry on conventional dry cans or stenter. For military fabrics it is necessary to apply 7.5% Cunilate 2174-P based on the wet weight of the finished fabric. This will deposit the required 0.13% copper as metal.

Cunilate 2174-P may also be used in hot wax treatments for cardboard. Military specifications require the addition of 1.0% Cunilate 2174-P based on the weight of the hot melt wax formulation.

## NOTICE TO USER

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Active Ingredient:  
Copper 8-quinolinolate
