

ACCEPTED

OCT 1 1968

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTER-
ED UNDER No. 281-11, SUBJECT
TO ATTACHED COMMENTS.

FOR THE CONTROL OF WEEDS, GRASS AND
OTHER VEGETATION IN SUCH PLACES AS
AROUND BUILDINGS, OIL TANKS, PARKING
LOTS, PATHS, RAILROAD AND OTHER SIM-
ILAR AREAS, LUMBER YARDS, TENNIS
COURTS, WALKS AND ROADWAYS.

DIRECTIONS FOR USE:

Weed-A-Way should be diluted with diesel prior to
application to vegetation. For dense weed growth
including tall weeds such as Johnson Grass or pig-
weeds, add one part of Weed-A-Way to 12 parts of
diesel. For low growth not more than a foot high,
more dilute solution may be used such as one part of
Weed-A-Way to 20 parts of diesel. In making the
solution with Weed-A-Way and diesel add the meas-
ured amount of diesel to the sprayer tank or other
mixing tank. Then add the Weed-A-Way slowly with
enough agitation to form a uniform mixture. Do
not allow the solution to stand for long periods of
time in contact with iron. Use oil resistant synthetic
rubber hoses and gaskets. Wash out the sprayer
after use with water and synthetic detergent. Either
cone or fan shaped nozzles may be used for appli-
cations.

Do not use immediately before or after a rain or
efficiency will be decreased.

NAPASCO CHEMICAL
THEODORE LOUISIANA

NAPASCO

WEED-A-WAY

NON-SELECTIVE

Weed and Brush Killer Concentrate

Fast Acting - Affects ALL Types of Weeds

ACTIVE INGREDIENTS:

Petroleum Oil	79.94%
Sodium Pentachlorophenate	17.10%
Sodium Salts of other Chlorophenols	2.96%

CAUTION: KEEP OUT OF REACH OF CHILDREN
SEE RIGHT SIDE PANEL OF ADDITIONAL
CAUTIONS.

DIRECTIONS, CONTINUED

Control of annual weed, in such places as around
buildings and lumber yards, oil tanks, tennis courts,
parking lots, walks, paths, roadways, railroad and
other similar areas, Weed-A-Way will kill annual
weeds that are thoroughly covered.

CAUTION

WARNING: Causes skin irritation, absorbed
through skin. Do not breathe vapor or spray mist.
Do not get in eyes, or skin or on clothing. Do not
spray valuable plants. Do not contaminate irrigation
ditches or domestic water supplies. Fish may be
killed if their waters are contaminated with this
product. Avoid application or spray drift to valu-
able plants. Harmful if Swallowed.

ANTIDOTE

EXTERNAL: Wash with rubbing alcohol and follow with soap
and water. For eyes, flush with plenty of water for at least 15
minutes and get medical attention. Remove and wash clothing
that has absorbed the solution and wash before reuse.

INTERNAL: Give a tablespoonful of salt in a glass of warm
water and repeat until vomit fluid is clear. Give milk or white
of eggs beaten with water. Have patient lie down and keep
warm. Call a physician.

NON-WARRANTY: The proper use of this material being be-
yond seller's control, no warranty, expressed or implied, is given
as to results obtained whether used according to directions or
not. The buyer accepts and uses this material on these conditions.
