This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(d)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for sale:

- a. Add the phrase "EPA Registration No. 2831-89."
- b. You must state if a child resistant packaging will be used in block 7 of the application.
- c. A storage statement is needed for this product. The Storage and Disposal statements must be formatted as follows:

STORAGE AND DISPOSAL

Storage:

Disposal:

See Page 2

-2-

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

EPA Reg. No. 2831 XX EPA Est. No. 2831-LA-1

NET WT. XX OZ. (XXX GR)

DIRECTIONS FOR USE:
This violation of Federal law to use this product in a manner inconsistent with its labeling.
SHAKE BEFORE USING AND AT INTERVALS DURING PROLONGED USE.
Hold container upright with nozzle away from you. Press valve down and spray as directed. To avoid possible staining of fabrics or surfaces, do not spray at close range.
FLIES, MOSQUITOES, GNATS, WASPS and FLYING MOTHS (millers): Close all doors and windows and spray room at the rate of 1 second per 1000 cubic feet. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Keep room closed for 10 to 15 minutes after treatment. Repeat treatment as necessary.
ROACHES, WATERBUGS, SILVERFISH, CRICKETS, SPIDERS, CENTIPEDES and BOW BUGS: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors around drains and plumbing, hitting insects with spray whenever possible. Repeat treatment as necessary.
ANTS: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.
INDIAN MEAL MOTHS and ANGIUMID GRAIN MOTHS: Close doors and windows. Direct spray into all parts of room especially around stored food product containers, pellets and darkened areas.
Spray 7 to 10 seconds for each 1000 cubic feet of space. Keep areas closed for 15 minutes following treatment. Repeat application weekly or as needed.
CARPET BEETLES: Spray directly on beetles, baseboards, floors, shelves and carpets. Repeat treatment as necessary.
CONFUSED FLOUR BEETLES, SAW-TOOTHED GRAIN BEETLES, GRANARY WEEVILS, RICE WEEVILS, RED FLOUR BEETLES, GRAIN MITES: Spray into cracks and crevices, processing and handling equipment, around cartons or containers and other areas where these insects tend to congregate. Spray 30 seconds for each 100 square feet of surface. Keep areas closed 45 minutes to 1 hour after treatment. Repeat applications as necessary.
LICE: Spray on garments, bedding, mattresses, furniture, floors, carpeting and linoleum surfaces. First spray an inconspicuous area to test for possible staining or discoloration. Inspect after drying, then proceed to spray entire area to be treated.
Hold container upright with nozzle away from you. Press button and spray surface to be treated from a distance of 10 inches. Spray each square foot for 2 seconds, directing spray into all infested surfaces until moist.
For bedding: Make sure spray is directed into crevices of fitted sheets and blankets as well as inside and outside of pillow cases. In the case of garments and bedgear, close attention should be given to seams, hems, cuffs, collars, and creases. After treatment, bedding and all garments must be either laundered in hot water or dry cleaned as required.
For mattresses, furniture and carpeting: Direct spray into all folds, tufts, seams and crevices of infested areas until moist. Allow all treated surfaces to dry completely before use.
BEDBUGS: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, molding and frames. Repeat treatment as necessary.
FLEAS: Spray sleeping quarters, bedding, floor and floor covering where pets are kept. Repeat as necessary. Use only a recommended pet spray on pets.

DISPOSAL

Wrap container and put in trash collection. Do not incinerate.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Avoid breathing of vapor or contact with skin or eyes. Vacate premises after treatment and ventilate before reoccupying.

Avoid contamination of feed and foodstuffs. When using this product in food processing plants, food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using this product in these areas, apply only when the facility is not in operation.

Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given hereon.
