Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 2841-8

COP-TEN

WOOD

PRESERVATIVE

READY TO USE

ASSAY:

Active Ingredients:

Copper Naphthenate 10%

Mineral Spirits 90%

Copper (Metallic) 1%

EPA Reg. No. 2841-8

EPA Est. 2841-6a-1

DIRECTIONS:

A clean, oil, wood preservative, green in color, for brush, spray or dip application. Wood to be treated should be dry. Wood which is to come in contact with the ground should have at least two flowing coats applied by the brush or spray method, and at least 3 minutes immersion for the dip method. Posts and larger timbers should be free of bark, dry and well seasoned before treatment, and dipped for 12-48 hours. Apply COP-TEN liberally to all ends and joints when cutting takes place after treating. Allow to dry thoroughly after treatment before painting. Generally, two coats of paint will cover adequately. COP-TEN Solutions are non-corrosive to metals.

CAUTION:

Keep out of Reach of Children. Harmful if swallowed!

If Swallowed, Call A Physician Immediately.

Do not use, pour, spill, or store near heat or open flame.

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not apply when weather conditions favor drift from areas treated.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.
