Product contains 3.00 lbs. MSMA and 1.25 lbs. Cacodylic Acid Equivalent per gallon.

# CAUTION:

# PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Wear protective clothing when handling or applying this product including long pants, long-sleeve shirt, and impermeable gloves and boots. Mixer-loaders should include an apron and full-face shield when handling or mixing concentrate. Flagmen should be fully protected during spray operations or mechanical flagmen used. Pilots and ground spray rig applicators should wear a mask or respirator approved by the Mining Enforcement and Safety Administration and the National Institute for Occupational Safety and Health.

Harmful if swallowed or inhaled. Avoid breathing spray mist. (Coarse sprays are less likely to drift.) Avoid contact with eyes, skin or clothing. Causes eye irritation. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Keep children and domestic animals off treated areas until

washed into soil.

## STATEMENT OF PRACTICAL TREATMENT

If swallowed, call a physician immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. If on skin, wash with plenty of soap and water. Get medical attention if irritation persists.

If inhaled, remove victim to fresh air. Apply artificial respiration, preferably mouth to mouth, if indicated.

If in eyes, flush with pienty of water. Get medical attention if irritation persists.

#### **ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

A Product Manufactured by

VINELAND CHEMICAL COMPANY
VINELAND, NEW JERSEY

EPA Reg. No. 2853-51-AA EPA Est. 2853-NJ-1 PRODUCT INFORMATION: CHECK-MATE is a non-selective herbicide used postemergence for general weed control. It is effective on both grasses and broadleaf weeds. For best results, apply CHECK-MATE to weeds when actively growing and during air temperatures in excess of 70° F. CHECK-MATE may be used with any spray equipment which provides the desired coverage just short of run-off in accordance with directions below.

CHECK-MATE contains a suitable wetting agent for normal use. However in certain arid regions for hard to kill and larger weeds addition of a crop oil concentrate (which is cleared for application to growing crops) or an additional appropriate surfactant (which is cleared for application to growing crops) will enhance weed control.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CHECK-MATE is useful for the control of such grasses and broadleaf weeds as barnyardgrass, goosegrass, crabgrass, green foxtail and yellow foxtail, Johnsongrass, Dallisgrass, nutsedge, sandbur, chickweed, purstane, puncturevine, cocklebur, pigweed and common ragweed. CHECK-MATE will top-kill perennials. Apply CHECK-Mate at the rate of 1-2 gallons per acre in water sufficient for good foliar coverage. Normally, 40-100 gallons of water are required per acre. Should regrowth occur repeat applications as necessary. The product may be used for general weed control along drainage ditchbanks, rights-of-way, fence rows, implement storage yards, roadsides and similar non-crop areas.

Avoid spray contact with foliage of fruit and food crops. Avoid spray contact with desirable ornamentals. Clean equipment after use by flushing with water. Bun rinse water in area away from domestic water sources.

#### STORAGE AND DISPOSAL

PROHIBITION: Do not store near feed or food products.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

BEFORE USING ANY HERBICIDE, STOP AND READ THE LABEL.
