

To clean, disinfect and deodorize floors, tables, benches, kennels, and other surfaces, wash with solution containing 1 ounce of Calgo-San per gallon of water.

HOSPITAL USE DIRECTIONS

1. To clean, disinfect and deodorize surfaces such as floors, walls, woodwork and metal surfaces, use 1 ounce of Calgo-San per gallon of water.

DANGER: KEEP OUT OF REACH OF CHILDREN.

Corrosive. Causes eye damage and severe skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Avoid contact with eyes and skin with diluted product. Wash thoroughly after using dilutions. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN: Probably mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
