

LIQUID BOWL CLEANER

As per directions effective against S. Choleraesuis, contains a detergent to accelerate cleaning • harmless to vitreous ware, pipes and traps • removes rust, iron stains and hard water incrustation

DIRECTIONS

To clean, deodorize and disinfect toilet bowls and urinals

Force water from bowl over the trap with a bowl mop. Saturate the bowl mop with cleaner while holding over the bowl.

Swab all areas, being sure to clean under flush rims and other surfaces where discoloration takes place.

Dip toilet mop in remaining water and again swab entire receptacle. Let solution stand for five to ten minutes before receptacle is used.

Where trap strainers can be removed from urinals, clean pipe thoroughly with swab saturated with Liquid Bowl Cleaner.

WARNING: Use Liquid Bowl Cleaner only on vitreous toilet bowls and urinals. Contact with any other surface may be detrimental. Please empty container thoroughly with water and discard.

POISON

DANGER

Corrosive: Contains Hydrochloric Acid. Keep Out of Reach of Children. Fatal if swallowed. Do not breathe vapor or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing. Add material only to water. May cause fire or explosion if mixed with other chemicals. Do not mix with bleach.

FIRST AID

INTERNAL -- Call a physician immediately. Drink a teaspoonful or more of magnesia, chalk, or small pieces of soap, softened with water in milk or raw egg white.

EXTERNAL -- Eyes -- Wash with water for 15 minutes. Get prompt medical attention. Skin -- Wipe off the acid gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda.
