

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460

OFFICE OF  
PREVENTION PESTICIDES  
AND TOXIC SUBSTANCES

September 26, 2002

The Fuller Brush Company  
One Fuller Way  
Great Bend, KS 67530

301-5618362  
18

Attention: Ms Elaine Wagle

**Subject** Perfumed Moth Block  
EPA Reg. No. 2915-26  
Your application for an amended label dated June 12, 2002.

**Label Approval** The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable with the following comments:

1. Delete the non-pesticidal claim "Deodorant" from your labeling. We are concerned that some consumers may use your product only as a deodorizer and not as a pesticide. Furthermore, the claim conflicts with some of the directions for use that instruct the user "Do not.....allow vapors to escape into occupied rooms." The Agency has concerns with inhalation exposure for your active ingredient and we believe that the "deodorant" claim may conflict with this concern. We will apply this policy to all paradichlorobenzene products.
2. Please submit two (2) copies of your final printed label before you release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling.

**Existing Stocks** Existing Stocks of previously approved labels may be used for 18 months.

275

**EPA  
Contact**

A stamped copy of the label is enclosed for your records. If you have questions about this letter, please contact me at 703-605-0716 (by phone), 703-305-6596 (by fax), or at [mccann\\_geri@epa.gov](mailto:mccann_geri@epa.gov) (by E-Mail).

Sincerely,

**Geraldine R. McCann  
Environmental Protection Specialist  
Insecticide/Rodenticide Branch  
Registration Division (7505C)**

Enclosures: Stamped Label and A-79.

Final printed labeling is defined as that labeling which will accompany the pesticide product to market and includes not only the container label, but also all accompanying technical information, brochures, etc.

Final printed labeling for the Agency's files should be of a size that can be stored conveniently in 8 1/2 x 11 inches files. Label may be mounted or photoreduced to meet the size requirements provided the printing is legible and is microfilm reproduction quality. Should photoreduction make any of the text illegible, the text must be typed out on an accompanying sheet of paper.

PASTE ON LABELING: This should be submitted as it, unless it requires photoreduction.

SCREEN PRINTED LABELING: These labels should be printed by taping paper on the container as it goes through the printing process. The actual container should not be submitted.

EMBOSSSED LABELING: These labels should be photocopied.

UNUSUAL SIZE LABELING: Large bags or boxes must be photoreduced. Either the entire label on one reduction or in sections so that each section is 8 1/2 x 11 inches.

### PERFUMED DEODORANT BLOCK *For Use in Hang-Up Case*

**DIRECTIONS FOR USE:** It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions:** Kills clothes moths (larvae and adults) and carpet beetles in clean, air-tight containers

(e.g., chests and trunks), garment bags and storage closets. Do not use in containers, dry cleaning and garbage bags, or closets that allow vapors to escape into occupied rooms. Do not use this product with any other moth control chemical. As Paradichlorobenzene damages some plastics, do not use in plastic garment bags. For use only on cloth containing wool or wool blends.

**Pre-Application Directions:** Before storing, dry clean, wash or brush articles to be protected.

**Application Directions:** Apply product in clean, air-tight containers, bags and closets listed above. Use one block for every 30 cubic feet. For larger closets, multiply the height, width and depth of the space and divide by 30 to determine the number of blocks needed. For example: a closet 8 feet high, 4 feet wide, and 3 feet deep (i.e. 96 cubic feet) would need about 3 blocks (96/30=3.2).

**Post-Application Directions:** Keep product in air-tight space for a minimum of seven (7) days. Odor dissipates when treated articles are aired.

**Retreatment:** Since moths are active all year, replenish air-tight containers, bags and closets 2 times a year.

#### PRECAUTIONARY STATEMENTS

##### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**WARNING:** Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Causes eye, skin and respiratory tract irritation. Wear safety glasses. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**NOTICE:** California has determined that a chemical contained in this product causes cancer based on tests performed on laboratory animals.

##### FIRST AID

**If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **If on skin or clothing,** take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. **If swallowed,** call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled,** move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor, or 1-800-858-7378 for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

##### STORAGE AND DISPOSAL

If empty, do not reuse this container. Place in trash or offer for recycling if available. If partly filled, Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
