The Fuller Brush Company
One Fuller Way
Great Bend, KS 67530

JUL 25 2000

Subject: Spray 'n San II
EPA Registration No. 2915-66
Amendment Dated January 13, 2000

Attn: Elaine Wagle
Regulatory Affairs Coordinator

The amendment referred to above, submitted in connection with registration under FIFRA as amended, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

A. The product, Detergent disinfectant Pump Spray (EPA Reg. No. 1839) did demonstrate effectiveness against Staphylococcus aureus ATCC 33592, Staphylococcus aureus CDC HIP 5836 and Enterococcus faecalis ATCC 81299 following exposure for 10 minutes in the presence of 5% organic soil load. The efficacy study submitted, however, did not verify the resistance patterns of these organisms which you want to add to the label claims. In addition, Staphylococcus aureus CDC HIP 5836, previously designated as Vancomycin Resistant (VRSA) was in July 1998 reclassified by the Centers for Disease Control as a Vancomycin Intermediate (VISA). If you wish to pursue the addition of these organisms to the label claims, data which verifies the resistance claims should be submitted for review.

B. The Directions for Use section labeled "Fungicide Activity" should be revised to use the term "hard nonporous surfaces" in the second line.

C. A separate statement should be added to the general Directions for Use which states the following: All treated areas which may have food contact such as kitchen counters and other food preparation sites must be rinsed with potable water after treatment and prior to use.

2. The submitted Confidential Statement of Formula (CSF) dated May 30, 2000 for the basic and the alternate products, has been found acceptable and will be made a part of the record for this file.

3. The addition of clinics as a use site is approved.

CONCURRENCES

Submit two (2) copies of your final printed labeling before you release the product for

SYMBOL	7510W					
SURNAME	E. Jones					
DATE	16-30-00					

shipment. A stamped copy of the labeling is enclosed for your records. Should you have any questions concerning this letter, please contact Zenobia Jones at (703) 308-6198.

Sincerely,

Velma Noble

SPRAY 'n SAN™ II

FOAMING
DISINFECTANT CLEANER

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. SPRAY 'n SAN™ II is designed specifically as a general non-acid cleaner and disinfectant for use in homes, hospitals, clinics, nursing homes, schools, institutions, restaurants, offices, hotels and hotels. It is formulated to disinfect hard, non-porous, inanimate environmental surfaces such as walls, sinks, counter tops, tables, chairs, telephones, glazed ceramic tile in bathrooms, shower stalls, bathtubs and cabinets. Antibacterial kitchen cleaner may be used to clean and disinfect in the kitchen on counters, sinks, appliances, and stove tops. Do not use on ceiling utensils, plates or glasses. In addition, this product deodorizes with a fresh, clean scent those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odors caused by microorganisms. **DISINFECTION, DEODORIZING AND CLEANING** - Remove gross soil or heavy soil prior to application of the product. Hold container six to eight inches from surface to be treated. Spray area until it is covered with the solution. Allow product to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum. **One-step cleaning and disinfection of toilet bowls and urinals:** Remove water from bowl by forcing water over top with a squeegee applicator. Press squeegee applicator against side of the bowl to remove excess water from applicator. Apply 1 to 2 ounces of this product evenly, allowing sufficient time for product to cover entire surface of bowl for maximum cleaning. Squeegee bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand 10 minutes and flush.

BACTERICIDAL ACTIVITY - When used as directed, this product exhibits effective, disinfectant activity against the organisms: *Mycobacterium tuberculosis* (BCG) at 27°C, *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa*, Methicillin resistant *Staphylococcus aureus* (MRSA), Vancomycin resistant *Staphylococcus aureus* (VRSA), Vancomycin resistant *Enterococcus faecalis* (VRE) and meets the requirements for hospital use.

MILDENSTAT - To control mold and mildew on pre-cleaned, hard, non-porous surfaces spray surface to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

FUNGICIDAL ACTIVITY - This product is fungicidal against the pathogenic fungi, *Trichophyton mentagrophytes* (Athlete's Foot Fungus) when used as directed on hard surfaces found in bathrooms, shower stalls, locker rooms, or other clean, non-porous, hard surfaces commonly contacted by bare feet.

EFFICACY TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE, FUNGICIDE AND VIRUCIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

WARNING: KEEP OUT OF REACH OF CHILDREN. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink egg whites or plain solution, or if these are not available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN Probable mucosal damage may contraindicate the use of gastric lavage. Measure against circulatory shock, respiratory depression and convulsion may be needed.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

CONTAINER DISPOSAL - Do not reuse container. Rinse thoroughly before discarding in trash.

STORAGE - Store in a dry place no lower in temperature than 50°F or higher than 120°F.
