

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

FEB 19 2003

Ms. Elaine Wagle
The Fuller Brush Co.
One Fuller Way
Great Bend, KS 67530

SUBJECT: Spray 'N San II
EPA Registration No. 2915-66
Amendment Date: November 15, 2002
EPA Receipt Date: November 21, 2002

Dear Ms. Wagle.

The following amendment submitted in connection with registration under FIFRA section 3(c)(7)(A) is acceptable with the conditions listed below.

- Addition of HBV to the label

Conditions

Revise the label as follows:

1. In the paragraph before the disinfection directions, the surface, porcelain, must be qualified as hard, nonporous by stating "glazed" porcelain.
2. Revise the "Precautionary Statements" by adding the statement, "Remove contaminated clothing and wash before reuse" as the last statement in this section.
3. Since this product is sold in containers less than one gallon, the "Storage and Disposal" instructions may be revise to reflect the following:

Storage and Disposal

Store in dry place where the temperature is no lower than 50°F or higher than 120°F.
Do not reuse empty container. Discard in trash.

4. Revise the "Special Instructions" statement of the HIV and HBV text by removing the parentheses from around HBV. Historically, registrants use parentheses around certain text to translate optional text.

General Comments

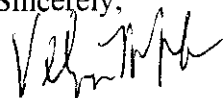

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed label before distributing or selling the product bearing the revised labeling.

Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

If the above conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

Should you have any questions or comments concerning this letter, please contact Jacqueline McFarlane at (703) 308-6416.

Sincerely,

Velma Noble

SPRAY 'n SAN™ II

FOAMING DISINFECTANT CLEANER

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
SPRAY 'n SAN™ II is designed specifically as a general non-acid cleaner and disinfectant for use in homes, hospitals, clinics, nursing homes, schools, institutions, restaurants, offices, motels and hotels. It is formulated to disinfect hard, nonporous, inanimate environmental surfaces such as walls, sinks, counter tops, tables, chairs, telephones, porcelain, glazed ceramic tile in bathrooms, shower stalls, tubs and cabinets. Antibacterial kitchen cleaner may be used to clean and disinfect in the kitchen on counters, sinks, appliances, and stove tops. All treated areas which may have food contact such as kitchen counters and other food preparation areas must be rinsed with potable water after treatment and prior to use. Do not use on eating utensils, plates or glasses. In addition, SPRAY 'n SAN™ II disinfects with a fresh, clean scent those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, basement, restrooms and other areas which are prone to odors caused by microorganisms.
DISINFECTION, DEODORIZING AND CLEANING - Remove gross dirt or heavy soil prior to application of the product. Hold container six to eight inches from surface to be treated. Spray area until it is covered with the solution. Allow product to penetrate and remain wet for 10 minutes, no scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. The product will not leave gill or soap scum.
One-step cleaning and disinfection of toilet bowls and urinals: Remove water from bowl by using water over top with a swab mop applicator. Press swab mop against side of the bowl to remove excess water from applicator. Apply 1 to 2 ounces of this product evenly, allowing sufficient time to product a cover entire surface of bowl for maximum cleaning. Seal bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand 10 minutes and flush.
BACTERICIDAL ACTIVITY - When used as directed, this product exhibits effective, disinfectant activity against the organisms: *Mycobacterium tuberculosis* (BCG) at 20°C (when used as directed on previously cleaned hard nonporous inanimate surfaces), *Escherichia coli* 0157:H7, *Staphylococcus aureus*, *Salmonella enteritidis*, *Pseudomonas aeruginosa*, Methicillin resistant *Staphylococcus aureus* (MRSA), Vancomycin Intermediate Sensitive *Staphylococcus aureus* (ISA), Vancomycin resistant *Enterococcus faecalis* (VRE) and meets the requirements for hospital use.
MILDEWSTAT - To control mold and mildew on pre-cleaned, hard, nonporous surfaces spray surface to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.
FUNGICIDAL ACTIVITY - This product is fungicidal against the pathogenic fungi, *Microsporum dermatophytes* (Athlete's Foot Fungus) when used as directed on hard nonporous surfaces found in bathrooms, shower stalls, locker rooms, or other clean, nonporous, hard surfaces commonly contacted by bare feet.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: KEEP OUT OF REACH OF CHILDREN. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Flush thoroughly with soap and water after handling.

FIRST AID

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin, use skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed, call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment.
NOTE TO PHYSICIAN: Possible mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.
CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.
STORAGE: Store in a dry place to avoid temperatures from 31°F or higher than 122°F.
