

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes eye damage. May be harmful if absorbed through the skin. Do not get in eyes, on skin or clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

#### **IMPORTANT!**

Do not use crops grown from Nusan 30 E. C. treated seed for grazing of livestock or to harvest as silage or forage for seven weeks after planting. However, grain harvested from plants grown from Nusan 30 E. C. treated seed can be used for food or feed.

**NOT FOR USE OR STORAGE IN OR AROUND THE HOME.**

### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to water or wetlands.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system.

Label treated seed. Seeds treated with NUSAN 30 E. C. cannot be used for food, feed, oil production or any other purpose except planting. Use with an EPA-approved dye that imparts an unnatural color to the seed.

### STORAGE AND DISPOSAL

1. Prohibitions: Do not contaminate water, food or feed by storage or disposal.
2. Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
3. Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
4. Storage: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing, or pouring.

NUSAN is recommended for the control of soil and seedborne fungi that inhibit the germination and seedling development of cotton, wheat, barley, rice, sorghum, milo, corn, sugar beets, and safflower. Nusan, when
