

CHLORATE CONCENTRATE

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is: A) Coveralls; B) Waterproof gloves; C) Shoes plus socks.

STORAGE AND DISPOSAL

- 1. Prohibitions:** Do not contaminate water, food or feed by storage or disposal.
- 2. Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
- 3. Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
- 4. Storage:** Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring. Do not use, pour, spill or store near heat or open flame.

WARNING: When using chlorate type of defoliants on cotton, crop damage may occur the following crop year on **BARLEY, SAF-LOWER and SUGAR BEETS.** To avoid damage do not exceed recommended rates and confine application to cotton and related plants. Good deep tillage and plenty of water from rains and pre-irrigation will in most cases leach excess chlorate from the soil. Do not graze treated areas or feed grain waste to livestock.

GROUND SPRAYERS: Use recommended amount of **RED-TOP CHLORATE CONCENTRATE** per acre, in 20 to 30 gallons of water. Six to eight nozzles per row are usually necessary to obtain good leaf coverage from ground sprayer application.

AIRPLANE APPLICATION: Use recommended amount of **RED-TOP CHLORATE CONCENTRATE** in 5 to 10 gallons of water per acre. Lower rate to be used only when plants and weather conditions are ideal for defoliation.

RECOMMENDATIONS FOR USE

Do not apply this product through any type of irrigation system.

COTTON: Use 2 to 2.7 gallons per acre. Immaturity and drought of plants are the most frequent causes of unsatisfactory defoliation. Under most growing conditions proper maturity is indicated by the green foliage color becoming lighter and tinged with red, and by a definite reddening of the stems. Apply Defoliant 10 to 21 days before anticipated picking date. Do not defoliate when plants are suffering from drought as evidenced by wilt condition of the plant. Cotton suffering from an alkali soil condition should be defoliated. Thorough coverage of the plant is essential, whether applied by airplane or ground sprayer.

MILO (SORGHUM): When weather and growing conditions cause milo to mature and dry slowly, use 2 to 2.7 gallons per acre to reduce moisture content in the field. Make application 7 to 10 days before harvest.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

CAUTION: Avoid skin contact. Wash clothing and spray equipment after handling. Avoid contamination of feed and food stuffs. Keep opened containers away from children and animals.

Do not contaminate water by cleaning of equipment or disposal of wastes.

DO NOT USE THIS PRODUCT FOR ANY PURPOSE OTHER THAN THAT WHICH IS RECOMMENDED ON THIS LABEL.

DO NOT ALLOW THIS PRODUCT TO DRIFT FROM THE AREA BEING TREATED.

NOT FOR USE OR STORAGE IN OR AROUND THE HOME.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

DO NOT REUSE EMPTY CONTAINERS. DISPOSE OF IN ACCORDANCE WITH STATE AND LOCAL REGULATIONS.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear: A) Long sleeved shirt; B) Long pants; C) Waterproof gloves; D) Shoes plus socks.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

NOTICE: The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond our control, WILBUR-ELLIS COMPANY does not make, nor does it authorize any agent or representative to make, any warranty, guarantee or representation, expressed or implied, concerning this material or the use thereof, except in conformity with the statements on the label. Neither WILBUR-ELLIS COMPANY nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to the other person from handling, storage or use of this material, not in accordance with directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions.
