

# PRECAUTIONARY STATEMENT

## HAZARDS TO HUMANS

### DANGER

Corrosive. Causes severe eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

### STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg white, or gelatin solution. Then induce vomiting with one or two glasses of water and place a finger down the throat. Do not give anything orally to an unconscious person.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to water.

NOTICE: The statements made on this label are believed to be true and accurate. But because of conditions of use which are beyond our control, WILBUR-ELLIS COMPANY does not make, nor does it authorize any agent or representative to make, any warranty, quantity or representation, express or implied, concerning this material or the use thereof, except in conformity with the statements on the label. Neither WILBUR-ELLIS COMPANY nor the seller shall be responsible in any manner for any personal injury or property damage or loss resulting from the use of this material or the use thereof from handling, storage or use of this material not in accordance with directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions.

## GENERAL INFORMATION

NU-FLOW ND is recommended for use at time of planting as a seed treatment to protect against seed and seedling rots, damping-off, and scab (Rhizoctonia, Phythium, impairing good seed germination and seedling development of cotton. NU-FLOW ND is a ready-to-use flowable that can be pumped or poured directly into the cotton seed treater.

**Label Treated Seed:** This seed is treated with NU-FLOW ND fungicide. Do not use for food, feed, or production or any other purpose except planting. Add appropriate information for any other chemical treatment.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

## STORAGE AND DISPOSAL

1. Prohibitions — Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.
2. Pesticide Disposal — Pesticide spray mixture or rinsate that cannot be used according to label instructions must be disposed of according to Federal, State or local procedures under the Resource Conservation and Recovery Act.
3. Container Disposal — Triple rinse (or equivalent) and offer for recycling or reconditioning or dispose of in a sanitary landfill, or by other approved State and local procedures.
4. General — Consult Federal, State or Local Disposal Authorities for additional restrictions and approved alternatives.

## COTTON SEED TREATMENT

Apply 7.5 to 19.4 fluid ounces of NU-FLOW ND per 100 lbs. of cotton seed.

Use only higher rates under conditions of high pest pressure. Lower rates may give reduced efficiency. NU-FLOW ND may be diluted with water provided the recommended amount of product is applied. Do not use in a manner that will contaminate feed or foodstuffs.
