OFFICE OF
PREVENTION, PESTICIDES AND
TOXIC SUBSTANCES

Subject: Nu-Flow D
EPA Registration Number 2935-414
Your Submission Dated September 26, 2003

Dear Ms. Pearce;

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. A stamped copy of the label is enclosed for your records. Please submit one copy of your final printed labeling before you release the product for shipment.

If you have any questions, please contact Summer Gardner-Jenkins at (703) 308-9353.

Sincerely,

A handwritten signature in cursive script that reads "Mary L. Waller".

NU-FLOW D

FLOWABLE CHLORONEB FUNGICIDE

ACTIVE INGREDIENT:

Chloroneb: 1,4-dichloro-2,5-dimethoxybenzene 30%

OTHER INGREDIENTS: 70%

TOTAL 100%

EPA Reg. No. 2935-414

EPA Est. No. 2935-CA-1

**KEEP OUT OF REACH OF CHILDREN
 WARNING - AVISO:**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If in eyes: -Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 -Call a poison control center or doctor for treatment advice.

If on skin or clothing: -Take off contaminated clothing.
 -Rinse skin immediately with plenty of water for 15-20 minutes
 -Call a poison control center or doctor for treatment advice.

If swallowed: -Call a poison control center or doctor immediately for treatment advice.
 -Have person sip a glass of water if able to swallow.
 -Do not induce vomiting unless told to do so by a poison control center or doctor.
 -Do not give anything by mouth to an unconscious person.

If inhaled: -Move person to fresh air.
 -If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
 -Call a poison control center or doctor for further treatment advice.

NET CONTENTS: 5 GALLONS

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS and DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes, on skin or clothing. Harmful if swallowed or inhaled.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Workers must not work more than 4 hours a day in the seed treatment facility. Applicators and other handlers must wear: A) Coveralls over long-sleeved shirt and long pants; B) Chemical-resistant gloves; C) Chemical-resistant footwear plus socks; D) Goggles/face shield; E) Chemical-resistant headgear for overhead exposure; F) Chemical-resistant apron when cleaning equipment, mixing or loading; G) Dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any N, R, P or HE filter.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water when disposing of equipment washwaters. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Not for use on agricultural establishments in hopper-box, planter box, slurry box or other seed treatment application at or immediately before planting.

ALWAYS READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH ALL APPLICABLE STATE AND FEDERAL REGULATIONS.

NU-FLOW D is recommended for use at time of planting as a supplemental seed treatment to protect against seed/seedling rots, damping off and soreshin (caused by Rhizoctonia, Pythium), which impair good seed germination and seedling development of beans. NU-FLOW D is a ready-to-use flowable designed to be pumped or poured directly into the seed treater.

NOTE: Federal Law requires that bags containing treated seed shall be labeled with the following information: "This seed has been treated with NU-FLOW D fungicide which contains the active ingredient, Chloroneb. Do not use treated seed for food, feed or oil purposes. In California, do not graze plants grown from treated seed. In other areas, do not graze treated beans within 45 days of planting."

Always use NU-FLOW D with an EPA-approved dye or colorant that imparts an unnatural color to the seed.

Do not apply this product through any type of irrigation system.

In California, apply only in facilities with closed seed treatment systems.

COTTON and BEANS – Supplemental Seed Treatment:

Apply Nu-Flow D at the rate of 7 fl. oz. per 100 lbs. of beans.

NU-FLOW D may be diluted with water provided the recommended amount of product is applied.

NOT FOR USE ON COTTON IN CALIFORNIA

Apply NU-FLOW D at the rate of 4.0 to 17.6 fl. oz. per 100 lbs. of acid-delinted, reginned, or fuzzy cotton seed. Use only higher rates under conditions of high pest pressure. Lower rates may give reduced efficiency.

Do not use in a manner that will contaminate feed or foodstuffs.

4/4

STORAGE AND DISPOSAL

1. **Prohibitions:** Do not contaminate water, food or feed by storage or disposal.
2. **Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.
3. **Container Disposal:** Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
4. **Storage:** Store in original container only and keep sealed. Store in closed storage areas. Use care when moving, opening, closing or pouring.

WARRANTY STATEMENT: WILBUR-ELLIS COMPANY warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of WILBUR-ELLIS COMPANY. In no case shall WILBUR-ELLIS COMPANY be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. The exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damages resulting from or in any way arising from the use, handling, or application of this product, whether in contract, warranty, tort, negligence, strict liability, or otherwise, shall not exceed the purchase price paid for this product or at WILBUR-ELLIS COMPANY'S election, the replacement of this product. WILBUR-ELLIS COMPANY MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, except for the purposes of curative control of existing diseases or insect pests, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot to a selected chemical treatment. Due to seed quality conditions beyond the control of Wilbur-Ellis Company, no claims are made to guarantee germination of carry-over seed.
