# PCNB SEED-COAT

## SEED TREATMENT FUNGICIDE

**ACTIVE INGREDIENT:**

Pentachloronitrobenzene (PCNB) ..... ~~24.0%~~ <sup>100%</sup> 24.0%

**INERT INGREDIENTS:**

..... ~~76.0%~~ <sup>76.0%</sup> 76.0%

**Total** ..... 100.0%

Contains 2 lbs. of Pentachloronitrobenzene per U.S. Gallon at 68°F.

EPA Reg. No. 2935-419-AA

Est. No. 2935-CA-1

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the registration under EPA Reg. No. 2935-419

**KEEP OUT OF REACH OF CHILDREN!**

**CAUTION:**

STATEMENT OF PRACTICAL TREATMENT

**If in eyes:** Flush with plenty of water. Get medical attention.

**If swallowed:** Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

**If inhaled:** See a physician if an abnormal condition occurs.

**If on skin:** Wash with plenty of soap and water. Get medical attention if irritation persists.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Avoid inhaling spray mist. This material may cause skin irritation. Wash hands and face thoroughly after using. Use with adequate ventilation. Keep container closed. Do not contaminate feed or food-stuffs.

WORKER SAFETY RULES

Mixers/loaders should wear gloves, long-sleeved shirt, long pants, shoes, socks and a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR Part II.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Cover or incorporate treated seeds. Do not contaminate water or wetlands by cleaning of equipment or disposal of wastes. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

## STORAGE AND DISPOSAL

1. **Prohibitions:** Do not contaminate water, food or feed by storage or disposal.
2. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
3. **Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
4. **General:** Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring.

Controls certain seed and soil-borne seedling diseases

Do not plant root crops in PCNB treated fields within 12 months of broadcast and banding applications unless PCNB is registered for use on those crops.

Do not apply this product through any type of irrigation system.

## RECOMMENDATIONS

**SEED TREATMENTS** — Seed should be sound and well cured prior to treatment otherwise damage may occur. Apply Red-Top PCNB Seed-Coat directly to seed at dosage rates indicated below, using suitable treating equipment.

Note: It may be necessary to add up to equal parts of water to assure optimum coat coverage.

Planting Seeds	Application Rate in Fluid Ounces*	Seedling Disease Complex
BARLEY	2-4 oz./bushel	Covered Smut
OATS	2-4 oz./bushel	Oat Smut
WHEAT	2 oz./bushel	Common Smut or Bunt and Damping-off caused by Rhizoctonia
COTTON	Acid delinted 12 oz./100 lbs. Mechanically delinted 16 oz./100 lbs.	Seed rot and early stages of Pre-emergence damping-off Rhizoctonia
SAFFLOWER	1.95-3.90 oz./100 lbs.	Seed-Borne Rust, Rhizoctonia and Fusarium

Use higher rates under conditions of high pest pressure. Lower rates may reduce efficiency.

If the history of diseases has been severe, then this treatment on cotton seeds may give only temporary protection and a subsequent soil application may be required to control later stages of post-emergence damping-off.

\*29.6 cc is equivalent to one fluid ounce.

**NOT FOR USE OR STORAGE IN OR AROUND THE HOME.**

## PHYSICAL OR CHEMICAL HAZARDS

Caution: Combustible liquid. Do not use, pour, spill or store near heat or open flame.

Protect from temperatures below 20°F.

**IMPORTANT:** Bags containing treated seeds should be labeled with a tag bearing the following information.  
This seed has been treated with Pentachloronitrobenzene

### CAUTION

**DO NOT USE FOR FEED, FOOD OR OIL PURPOSES.**

The purchaser of this product is responsible for insuring that all seed treated with this product are adequately dyed a suitable color to prevent its accidental use as a food for man or a feed for animals. Refer to 21 CFR Part 2.25. Any dye added must be cleared for use under 40 CFR, Part 180.1001.

### NOTICE - READ CAREFULLY

#### CONDITIONS OF SALE AND LIMITED WARRANTY STATEMENT

The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond our control, WILBUR-ELLIS COMPANY does not make, nor does it authorize any agent or representative to make, any warranty, guaranty or representation, expressed or implied, concerning this material or the use thereof, except in conformity with the statements on the label. Neither WILBUR-ELLIS COMPANY nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to the other person from handling, storage or use of this material, not in accordance with directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions. Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, except for the purposes of curative control of existing disease or insect pests, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot to a selected chemical treatment. Due to seed quality conditions beyond the control of Wilbur-Ellis, no claims are made to guarantee germination of carry over seed.
