US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	EPA REGISTRATION NO. 2935-426	DATE OF ISSUANCE August 26, 1987
	TERM OF ISSUANCE Until Reregistration	
	NAME OF PESTICIDE PRODUCT Wilbur-Ellis Lorsban 30 Flowable	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Wilbur-Ellis Company
 191 West Shaw Avenue, Suite 107
 Fresno, CA 93704

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 2935-426."
 - b. Add a footnote to the label ingredient statement indicating:
 Contains xylene range aromatic solvent.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL <i>Dennis H. Edwards</i>	DATE 8/20/87
---	-----------------

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Product Manager (12)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

Enclosures

ACTIVE INGREDIENT:

Chlorpyrifos (0,0-diethyl 0-(1,5,6-trichloro-2-pyridyl)phosphorothioate)..... M. 01

INERT INGREDIENTS

~~Various aromatic solvents~~

AUG 20 1987

This product contains various range aromatic solvents.

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

2935-426

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is to be used in liquid or slurry treatments.

The Federal Food and Drug Administration has set official tolerances for certain pesticide residues. In order that residues on food and forage crops will not exceed established tolerances, use only at recommended rates.

Treated seed must not be used for or mixed with food or animal feed or processed for oil. Seed commercially treated with Wilbur-Ellis Lorshan 30 Flowable must be labeled in accord with all applicable requirements of the Federal Seed Act.

Wilbur-Ellis Lorshan 30 Flowable will protect germinating seeds and seedlings against injury by seed corn maggots and seed corn beetles. For seed treatment of field beans, green beans, kidney beans, lima beans, navy beans, snap beans, edible soybeans, string beans, wax beans, field corn, sweet corn, cucumbers, lentils, black-eyed peas, cow peas, field peas, garden peas, and pumpkins, use 2.75 fluid ounces per hundredweight of seed. Apply to seed prior to planting so as to ensure thorough coverage.

COTTON (Delinted Seed Only): To protect germinating seeds and seedlings against injury by seed corn maggots, use 5.5 fluid ounces of Lorshan 30 Flowable per 100 pounds of seed by applying to the seed as a slurry treatment prior to planting.

Disperse the required amount of Lorshan 30 Flowable in a water solution containing 0.5% by weight of an acceptable sticking agent. Use 15-25 fluid ounces of solution for each 100 pounds of seed to be treated. If a fungicide is used, it should be added to the slurry in accordance with its label directions. Mix the slurry with the seed using a rotating blender or auger mixing equipment that will ensure each seed is uniformly coated. **DO NOT MIX SEED AND PRODUCT WITH BARE HANDS.**

Lorshan 30 Flowable may be applied in combination with Chloroneb, Captain Sprills, Masan, or Apron brand fungicide if protection of the seed from fungi, which may or may not cause damage, is also desired.

Do not spray treated cotton plants or use forage for feed.
NOTE: The purchaser of this product is responsible for ensuring that all seed treated with this product is adequately dyed with a suitable color to prevent its accidental use as food for man or feed for animals. Refer to 21 CFR, Part 2.25. Any dye added to treated seed must be cleared for use under 40 CFR, Part 180.1001.

Labels for commercially treated seed should include the following addition to the Environmental Hazards statements:

Exposed treated seed may be hazardous to birds and other wildlife. Dispose of all excess treated seed and seed packaging by burial away from bodies of water.

KEEP OUT OF REACH OF CHILDREN
WARNING
STATEMENT OF PRACTICAL TREATMENT

Do not take internally. If swallowed: Do not induce vomiting. Contains aromatic petroleum solvent. Call a physician or poison control center immediately.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. If exposed, plasma and red blood cell cholinesterase tests may indicate significance of exposure (baseline data are useful). Atropine, only by injection, is the preferable antidote. Oximes, such as 2-PAM/protopam, may be therapeutic if used early; however, use only in conjunction with atropine. In case of severe acute poisoning, use antidote immediately after establishing an open airway and respiration.

In case of eye contact, immediately flush eyes with plenty of water and call a physician.

In case of skin contact, wash the affected area with soap and water.

If inhaled, remove victim to fresh air. Apply respiration if indicated. Call a physician.

WARNING
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
MAY BE FATAL IF SWALLOWED
CAUSES EYE IRRITATION

Do not take internally. Do not breathe spray mist. Do not get in eyes, on skin, or on clothing. Wear a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the US Bureau of Mines) and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR, Part 11. Wash thoroughly after handling and before eating or drinking. Remove and wash contaminated clothing before reuse. In case of contact, immediately flush eyes with plenty of water and get prompt medical attention if irritation develops or persists. Wash contaminated skin with plenty of water.

~~**NOTE TO PHYSICIAN:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. If exposed, plasma and red blood cell cholinesterase tests may indicate significance of exposure (baseline data are useful). Atropine, only by injection, is the preferable antidote. Oximes, such as 2-PAM/protopam, may be therapeutic if used early; however, use only in conjunction with atropine. In case of severe acute poisoning, use antidote immediately after establishing an open airway and respiration.~~

ENVIRONMENTAL HAZARDS

This pesticide is toxic to birds and wildlife and extremely toxic to fish and aquatic organisms. Do not apply directly to water. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent aquatic sites. Cover or incorporate spills. Do not contaminate water by cleaning of equipment or disposal of waste.

STORAGE AND DISPOSAL

STORAGE: Store in a cool place. Do not store in direct sunlight. Protect from freezing temperatures.

HAZARD: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by state and local authorities. If burned, stay out of smoke. Use caution when moving, opening, closing, or pouring.

NOTICE: The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond our control, WILBUR-ELLIS COMPANY does not make, nor does it authorize any agent or representative to make, any warranty, guaranty, or representation, express or implied, concerning this material or the use thereof, except in conformity with the statements on the label. Neither WILBUR-ELLIS COMPANY nor the seller shall be responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to the other person from handling, storage, or use of this material not in accordance with directions. The buyer assumes all risk and liability resulting from improper handling, storage, or use and accepts and uses this material on these conditions.
