

WILBUR-ELLIS

CITRI-OIL

AN EMULSIFIABLE PETROLEUM OIL

FOR USE AS A SPRING, SUMMER OR DORMANT

OIL SPRAY
Other than Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 2935-461

ACTIVE INGREDIENT:

*Petroleum Oil	99%
INERT INGREDIENTS	1%
TOTAL	100%

*Unsulphanated Residue -- 92%

EPA REG. NO. 2935-461

EPA EST. NO. 2935-TX-1

KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If swallowed: -Call a poison control center or doctor immediately for treatment advice.
-Do not induce vomiting unless told to by a poison control center or doctor.
-Do not give any liquid to a person.
-Do not give anything to an unconscious person.

If in eyes: -Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
-Call a poison control center or doctor for treatment advice.

If on skin: -Take off contaminated clothing.
-Rinse skin immediately with plenty of water for 15-20 minutes.
-Call a poison control center or doctor for treatment advice.

If inhaled: -Move person to fresh air.
-If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
-Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Contains petroleum distillate-vomiting may cause aspiration pneumonia.

You may contact EMERGENCY TELEPHONE NUMBERS:

- (800) 424-9300 CHEMTREC (transportation and spills)
- (800) 900-4044 Poison Control Center (human health)
- (800) 345-4735 ASPCA (animal health)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or inhaled. Avoid breathing spray mist. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash thoroughly before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category G on an EPA chemical resistance category selection chart.

Applicators and other handlers must wear: A) Long-sleeved shirt; B) Long pants; C) Chemical-resistant gloves such as barrier laminate, butyl rubber, nitrile rubber or viton; D) Shoes plus socks.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS

Fish and other aquatic life may be killed by this product. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not apply from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water is: A) Coveralls; B) Chemical-resistant gloves such as barrier laminate, butyl rubber, nitrile rubber or viton; C) Shoes plus socks.

Pour recommended amount of this material into nearly filled spray tank containing water. Keep agitator running during filling, mixing and spraying operations. Do not allow mixture to stand. To prevent separation of oil and water mixture, spray mixture must be agitated while using. To be effective, complete coverage is essential, necessitating thorough application to inside and outside of tree.

RECOMMENDATIONS SPRING OR SUMMER SFAY

CITRUS: control of armored scales such as Florida red scale, California red scale, chaff scale and purple scale, white flies (intermediate forms), Texas citrus mite and citrus red mite -- Apply 5 to 8 gallons of Citri-Oil per acre. Do not apply within 30 days before or after application of sulfur. Do not apply to trees that are under moisture stress. Do not apply during periods of excessive high temperatures (above 90°F) or periods of low relative humidity (20%).

DORMANT SPRAY

PEACHES & PLUMS: For control of San Jose scale and white peach scale -- Apply 3 to 4 gallons of Citri-Oil per 100 gallons of water. Apply during dormancy when temperature is between 50-70°F. In case of very severe scale infestation, two applications may be needed. Make the first application soon after dormancy begins. Wait at least six weeks and check for live scale; if present, make a second application. Best results will be obtained if temperature is above 60 and the sun is shining at the time of application, but buds are not yet burst to any extent.

PECANS: For control of obscure scale -- Apply 3 to 3-1/2 gallons of Citri-Oil per 100 gallons of water. Application should be made during free dormancy and when temperature is between 50-70°F.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store in or around the home. Store in a secure, dry and temperate area. Store only in original container. Keep away from heat, sparks or open flame. In case of spill or leak, soak up with an absorbent material, such as clay, sand, sawdust or sweeping compound. Place in drum, label contents and dispose of according to the instructions below in "PESTICIDE DISPOSAL."

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

1. **METAL (all sizes)** -- Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
2. **PLASTIC** -- Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerator, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
3. **GLASS** -- Triple rinse (or equivalent). Then dispose of in a sanitary landfill or by other approved State and local procedures.

WARRANTY STATEMENT: WILBUR-ELLIS COMPANY warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of WILBUR-ELLIS COMPANY. In no case shall WILBUR-ELLIS COMPANY be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. The exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damages resulting from or in any way arising from the use, handling or application of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid for this product or at WILBUR-ELLIS COMPANY'S election, the replacement of this product. WILBUR-ELLIS COMPANY MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.
