

NOV 30 1992  
Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
Registration No. 2235-16-6

# STATEMENT OF PRACTICAL TREATMENT

If swallowed: Drink promptly large quantities of water. Avoid alcohol. Then induce vomiting by touching back of throat with finger. Call a physician immediately. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

If on skin: Remove contaminated clothing and wash affected areas with soap and water. Get medical attention.

If in eyes: Flush with plenty of water. Call a physician.

**NOTE TO PHYSICIAN:** This product is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered but only in conjunction with atropine.

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### ANGER

Causes irreversible eye damage. May be fatal if swallowed. Harmful if swallowed or inhaled. May be absorbed through skin. May cause allergic skin reactions. Do not breathe dust, vapor or fumes. Do not get in eyes. Avoid contact with skin and clothing. Treat outdoors in a well ventilated place. Wear goggles or face shield when handling. Wash thoroughly with soap and water after handling and before eating or smoking. Remove and separately launder clothing before reuse. Do not contaminate feed or food. Do not use treated seeds for food, feed or oil purposes.

#### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, birds and other wildlife. Exposed treated seeds may be hazardous to birds and other wildlife. In the event that treated seeds are spilled and cannot be salvaged, completely cover them with soil. Dispose of all excess treated seeds by burial away from bodies of water. Do not contaminate water when disposing of equipment washwaters.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. ALWAYS READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

**Planter Box Applications:** Use Agrox 2-Way on corn, soybeans, beans, peas and lentils. 1-2oz. packet per bushel of seed in the planter box or drill.

**For Seed Corn Beetles:** While the above rate will provide some protection against seed corn beetles, preliminary results indicate that 4 to 6 oz/bushel (2 to 3 pounds per bushel) may be more effective for protection against the seed corn beetle. Thorough mixing is required and electric eye monitors should be checked.

Use only recommended rates. Lower rates may not give desired control.

**Note:** When starting with an empty planter box, use the following procedure:

1. Fill planter or drill box one-half full of seed;
  2. Then add one-half the required amount of Agrox 2-Way and mix thoroughly with an axe handle or paddle (an axe handle or paddle used for seed treatment purposes only);
  3. Then add the remaining one-half of the seed and add the remainder of the Agrox 2-Way to the seed and thoroughly mix once more until the seed is uniformly covered.
- Seed within one month of treatment.

## PRODUCT INFORMATION

Agrox 2-Way Dual Purpose Seed Treatment is a specially formulated combination of Diazinon for protection against seed corn beetles, seed corn maggots, and Captan for protection against fungus diseases of seed and seedlings.

Regularly inspect planter planter and clean as required. If the seed treatment increases the friction between seeds sufficient to reduce the rate of delivery through a grain drill, 1 ounce of graphite per bushel of seed should be added as a drill lubricant. Adjust the seed drill to give the required rate of seed delivery to the treated seed.

## ELECTRIC-EYE POPULATION MONITORS

At the end of each day, or as often as required depending on field conditions, clean the electric eye monitors. The procedure is provided by the planter manufacturer, according to their directions. Under humid weather conditions, this cleanup process may need to be done more often.

Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store excess treated seeds beyond planting time.

A dust mask must be worn when mixing and loading this product.

Wear goggles or face shield when handling. Wash thoroughly with soap and water after handling. Remove and separately launder clothing before reuse.

Avoid repeat contact with skin. Applicators who make application of this product should wear the following protective clothing: long sleeved shirt, long pants and gloves. If sensitization reaction results, consult a physician.

## DUAL PURPOSE HOPPER BOX INSECTICIDE-FUNGICIDE SEED TREATMENT (with graphite)

### AGRICULTURAL USE ONLY

For the Protection of Germinating Seeds and Seedlings of  
CORN, SOYBEANS, BEANS, PEAS  
against SEED CORN BEETLES, SEED CORN MAGGOTS,  
DAMPING OFF, SEED BURN AND SEEDLING BLIGHTS

ACTIVE INGREDIENTS	By Wt.
*Captan .....	36.67%
*Related derivatives .....	8.83%
**Diazinon .....	25.00%
INERT INGREDIENTS .....	37.50%
*N-Trichloromethylthio-1,3,5-triazine-2-dicarboximide	
**O,O-Diethyl O-(2-isopropyl-6-methyl-2-pyrimidinyl) phosphorothioate	
TOTAL:	100.00%

EPA Reg. No. 2235-16-6

EPA Est. No. 70-KY-1

## KEEP OUT OF REACH OF CHILDREN DANGER

See side panel for additional precautionary statements.

### ELECTRIC-EYE POPULATION MONITORS (cont.)

Wash hands and arms with soap and water before using toilet facilities.

Always wash gloves with soap and water before removing.

### WORKER SAFETY RULES

Repeated exposure to cholinesterase inhibitors such as are contained in this product may, without warning, cause prolonged susceptibility to very small doses of any cholinesterase inhibitors. Do not rub eyes or mouth with hands. If you feel sick in any way, stop work and get help right away. See practical treatment section of this label.

**AFTER WORK:** Take off all clothes and shoes. Shower using soap and water. Do not wear contaminated clothing. Wash protective clothing and equipment with soap and water after each use. Personal clothing worn during use must be laundered separately from household articles. Clothing and protective equipment heavily contaminated or drenched with captan must be destroyed according to state and local regulations.

Treated seed must not be used for or mixed with food or animal feed, or processed for oil.

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Protect from excessive heat. Store in a cool, dry place away from water, food and feed.

Do not store or transport near food or feed.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Completely empty each packet into application equipment. Then dispose of the packet in a sanitary landfill or by incineration. If allowed by state and local authorities, dispose of by burning. If burned, stay out of smoke.

### CONDITIONS OF SALE

**NOTICE:** The statements made on this label are believed to be true and accurate, but because of conditions of use which are beyond our control, WILBUR-ELLIS COMPANY does not make, nor does it authorize any agent or representative to make any warranty, guaranty or representation, expressed or implied, concerning this material or the use thereof, except in conformity with the statements on the label. Neither WILBUR-ELLIS COMPANY nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to the other person from handling, storage or use of this material, not in accordance with directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions.
