INSTRUCTIONS FOR NYLON

To whiten 100% nylon, yellow with age, use 1/2 cup Des Moines Cleanser to a gallon of water. Soak 15 minutes. Rinse well. Repeat if necessary.

HOUSEHOLD USES

To remove stains, kill odors and disinfect the toilet bowl, pour one cup of Des Moines Cleanser into the bowl. Swab all surfaces and allow to stand several hours, or overnight. The dose is recommended for disinfecting must be based on the residual water in the bowl. To clean wash the bathtub and washboard frequently with a solution of one cup Des Moines Cleanser to a gallon of water. If disinfection is desired, use the cleaned fixtures thoroughly with a fresh solution of 2 cups Des Moines Cleanser to 1 gallon of water.

Add 1/2 cup of Des Moines Cleanser to a gallon of water for washing refrigerator. It will banish odors and keep the box sweet.

To keep drains clean and prevent unpleasant odors, pour a quantity of warm water into the drain and then flush with a cup of Des Moines Cleanser.

Use 1 gallon of Des Moines Cleanser per day for 20 to 30 gallons of water. Repeat the above dosage daily until a chlorine residual of 0.6 to 1.0 ppm has been established as determined by the use of a chlorine test kit. Thereafter repeat above dosage daily or as needed to maintain a chlorine residual of 0.6 to 1.0 ppm. This will keep the pool sanitary and control algae. Test pool water frequently with a chlorine test kit.

To remove discoloration, dirt and grease and keep them sparkling clean, add 1/2 cup Des Moines Cleanser to a gallon of water. Wash with this solution. Stains, especially those caused by iron, rust, oil, and grease, should be washed in a solution of 1 cup Des Moines Cleanser to a gallon of water. After cleaning, immerse or rinse in a fresh solution of the same strength.

1. Straps and prewash utensils and glasses whenever possible.
2. Wash with a good detergent or compatible cleanser.
3. Rinse with clean water.
4. Soak in solution of 1 oz. to 1 gallon of water (0.25 ppm). Immerse all utensils for at least two minutes or for contact time specified by governing sanitary code.
5. If a sanitary utensil on a rack or drainboard to air dry.

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. SKIN AND EYE CONTACT MAY CAUSE SEVERE IRRITATION. AVOID CONTACT WITH SKIN AND EYES. Internal Use: For use as a disinfectant, germicide and bactericide for cooking oil. Call a physician. External Use: Rinse immediately with cold water.

SAFE FOR SEPTIC TANKS, REGULAR HOME AND FARM USE. DOES NOT STAIN. DOES NOT AFFECT SEPTIC TANK OPERATION.

Gentlemen:

Subject: Des Moines Cleaner Bleach
EPA Registration No. 2985-1
Submission of January 9, 1974

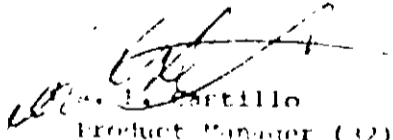

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A) is acceptable provided that you:

1. Submit and/or cite all data required for registration/re-registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit the general chemistry information as required by OP Notice 70-16 (copy enclosed).
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 3(c). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

J. Martillo
