

ATAMINE algaecide is efficient, economical and stable in use dilution.

ATAMINE is compatible with all chemicals used in pool water and will not damage tile, concrete, metal, or plastics.

ATAMINE keeps pool water free and sparkling, clear of visible algae, algal slime and green brown colors.

ATAMINE improves filter operation and cuts down need for other chemicals.

ATAMINE imparts tone and a pleasant "feel" to swimming pool water.

ATAMINE SWIMMING POOL ALGAECIDE

**OUTSTANDING
ALGAE GROWTH DEPRESSANT**

ACTIVE INGREDIENT:

Alkyl* Dimethyl Benzyl Ammonium Chloride
*(C₁₄, 60%; C₁₂, 25%; C₁₆, 15%) 10%

INERT INGREDIENTS: 90%
100%

Manufactured By:
ATLANTIC CHEMICALS, INC.
ORLANDO AND TAMPA, FLORIDA

NET CONTENTS
ONE GALLON

DIRECTIONS

Initial Application: To a cleaned pool add one gallon to 50,000 gallons of water, or ratio thereof by adding directly to pool water or pouring around the edge of the pool.

Maintenance Dose: Use one quart per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

Booster Dose: Immediately after every rain add one quart per 50,000 gallons of water as above.

Important: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.

Pool-side surfaces: After cleaning surfaces, use one oz. to four gallons of water for sanitizing or one oz. to two gallons of water for disinfecting. Apply by wiping, mopping or scrubbing so as to wet surfaces thoroughly with the recommended solutions.

DANGER

Do not reuse container. Destroy when empty.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water.

Apply this product only as specified on this label.

Keep Out of Reach of Children.

Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, as well as oxygen and measures to support breathing manually or mechanically may be needed.
