

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

Warning: May be fatal if swallowed, inhaled or absorbed through the skin. Causes eye and skin irritation. Do not breathe vapors or spray mist. Use only with adequate ventilation. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling and before eating or smoking. Wear protective clothing and rubber gloves when handling freshly treated lumber.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not apply directly to lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This material may be used for treatment of wood by flooding the surface, total immersion or pressure treatment for the prevention and control of fungal decay organisms.

Previously untreated fence posts, piles, foundation timbers and heavy wooden members should be free of bark, dry, and well-seasoned and immersed in the product for a period of 12 to 48 hours to be an effective wood preserver.

In re-treating previously treated utility poles, apply PCP 5% solution to saturation along the full length of the pole with an additional application of Osmoplastic at the groundline area which is most vulnerable to decay.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

PESTICIDE DISPOSAL: Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, state or local procedures.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.
