UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JUL 1 1997

Osmose Wood Preserving, Inc.
980 Ellicott Street
Buffalo, NY 14209

Attention: Teri Muchow
Regulatory Specialist

Subject: Patox Lite
EPA Registration Number 3008-52
Your Amendment Dated November 11, 1996

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, to add Category II eye irritation warnings per the EPA Label Review Manual will be acceptable provided that you make the label change listed below before you release the product for shipment bearing the amended labeling.

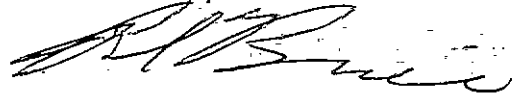

- 1. Revise the Environmental Hazards to read as follows:

"This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA".

A stamped copy is enclosed for your records. Submit one copy of the final printed label before you release the product for shipment bearing the amended label.

If you have any questions concerning this letter, please contact me at (703) 308-6264.

Sincerely,

Robert S. Brennis
Acting Product Manager (32)
Regulatory Management Branch II
Antimicrobials Division (7504C)

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS
AND DOMESTIC ANIMALS**

WARNING:

May be fatal if swallowed. Causes substantial but temporary eye injury. Do not get in eyes, on skin, or on clothing. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

Applicators must not eat, drink, or use tobacco products during those parts of the application process that may expose them to the wood treatment formulation.

Wash thoroughly after skin contact, and before eating, drinking, use of tobacco products, or using restrooms.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

STORAGE AND DISPOSAL

STORAGE: Store in a cool place. Avoid excessive heat.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site, or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and Local authorities, by burning. If burned, stay out of smoke.

PoleWrap™

This product is for commercial purposes only. Not for household use.

PoleWrap™ is a supplemental treatment which aids in extending pole life. Designed specifically to protect the groundline portion of wooden poles, PoleWrap™ contains a recognized water soluble preservative used in the art of wood preservation for more than 40 years. This preservative penetrates deeply into the wood. PoleWrap™ offers protection against decay for a comparable period to your normal groundline treatment cycle, consistent with industry practice.

ACTIVE INGREDIENTS:

Sodium Fluoride.....70.6%

INERT INGREDIENTS:.....29.4%

Total 100.0%

**KEEP OUT OF REACH OF CHILDREN
WARNING**

**STATEMENT OF
PRACTICAL TREATMENT**

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting on or give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. Apply respiration if indicated. Call a physician immediately.

IF ON SKIN: Remove contaminated clothing and wash affected area with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician immediately.

FOR PRECAUTIONARY STATEMENTS**

E.P.A. Est No. 3008-NY-1

E.P.A. Reg. No. 3008-52

Manufactured by

Osmose Wood Preserving, Inc.
960 Ellcott Street
Buffalo, New York 14209

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Dig around the groundline of the pole to be treated to a depth of approximately 20 inches. Remove hardened creosote and rotted wood. Inspect pole as to remaining serviceability. Clean the surface of the pole to be treated. Measure the circumference of the pole. Cut from the roll of PoleWrap™ the length needed. Apply to the pole to the depth of approximately 18 inches below groundline, and 2 inches above groundline. Attach to pole by means of staples or tacks. Be sure bandage is pulled tight to be in close contact with the wood pole. Back fill and tamp the earth around the pole to 2 inches above the original groundline.

Proper use includes the covering of any exposed product above the groundline in areas where children or livestock may come in contact with it. Various products which can be used for this purpose are Osmose's Pasture Wrap or some other type of barrier which prevents the product from being easily removed and consumed. If you have any questions regarding this product, please contact Osmose at (716) 882-5905 and ask for the Product Manager in the Utilities Division.

**PHYSICAL OR CHEMICAL
HAZARDS**

Do not use or store near heat or open flame.

NOTE

Seller makes no warranty, expressed or implied, concerning this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

JUL 1 1997

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.
