 Office of Pesticide Programs  
 Registration Division (H7505C)  
 401 M St., S.W.  
 Washington, D.C. 20460

EPA Reg. Number:  
 3008-67

Date of Issuance:  
 DEC 04 1995

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

Term of Issuance:  
 Conditional

Name of Pesticide Product:  
 Woodfume Plus

(under FIFRA, as amended)

PM21  
 3008-67  
 143

Name and Address of Registrant (include ZIP Code):

Osmose Wood Preserving Inc., 980 Ellicott Street, Buffalo, NY  
 14209-2398

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 3008-67".
  - b. Submit five(5) copies of your final printed labeling before you release the product for shipment.

Signature of Approving Official:

*Cornie B. Welch*

Date:

12/4/95

3. Also submit the three(3) copies of revised basic and alternate formulation Confidential Statement of Formulas(CSF) (EPA Form 8570-4) with the following modifications:

(a). A statement saying "This is a 100% repack of a registered pesticide product with EPA Reg. No. 10182-399" for basic formulation and "EPA Reg. No. 1448-107" for alternate formulation. 2 of 3

(b). Delete the numbers in column 14a(upper certified limit) and 14b(lower certified limit).

(c). Sign and date the Confidential Statement of Formula EPA Form 8570-4.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Connie B. Welch  
Product Manager (21)

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS &  
DOMESTIC ANIMALS  
DANGER  
KEEP OUT OF REACH OF CHILDREN**

**CORROSIVE. CAUSES SKIN DAMAGE. MAY BE FATAL IF ABSORBED THROUGH THE SKIN.** Do not get on skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Harmful if swallowed. Harmful if inhaled. Irritating to eyes, nose and throat. Avoid breathing vapor or spray mist. Irritating to eyes. Do not get in eyes.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on the label. In case of Emergency-Immediately call (24 hours) (800) 424-9300 CHEMTREC.

**STORAGE AND DISPOSAL**

**PROHIBITIONS:** Do not contaminate water, food or feed by storage or disposal.  
**STORAGE:** Do not store below 0°F. Product crystallizes at lower temperatures. Warm or store at higher temperatures and mix to redissolve crystals and assure uniformity before use.  
**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.  
**CONTAINER DISPOSAL: METAL** - Triple rinse(or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. **PLASTIC**-Triple rinse(or equivalent). Puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**USE PRECAUTIONS**

**READ ALL DIRECTIONS BEFORE USING.** Apply this product only as specified on this label. Keep children and pets away from treated wood. Do not store near feed or food. Keep container tightly closed when not in use. This product is toxic to fish. Apply only as specified on this label.

**ACCEPTED  
with COMMENTS  
in EPA Letter Dated  
DEC 04 1995**

**Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide

**WOODFUME PLUS**

A Fumigant for Controlling Decay  
and Insects in Wood Poles

ACTIVE INGREDIENT: Sodium methylthiocarbamate (Anhydrous)..... 4  
INERT INGREDIENT:..... 5  
TOTAL 10

**KEEP OUT OF REACH OF CHILDREN  
DANGER**

**READ ENTIRE LABEL FOR PRECAUTIONARY STATEMENTS  
PRODUCT INFORMATION**

WOODFUME PLUS is a fumigant solution. When used as directed, it will control decay present in poles, piling and similar large timber members. During treatment of a treated area, a fungitoxic residue is deposited in the cells of the wood, which is effective for an indefinite period. Timber known to have internal decay should be scheduled for treatment before it has decayed to the point where replacement is necessary.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with the labeling. Large structural timbers have so many different end uses that the groundline circumference standing pole is taken as a guide and example for application of this product. WOODFUME PLUS may be applied to any section of a pole or timber member where decay is suspected. For interior decay drill an adequate number of holes at a 45° angle down to a depth of approximately 2 1/2 times the radius of the wood. The first hole should be 6-8" from the groundline and succeeding holes approximately 6-8" higher and 90° rotated from the first. Inject equal amounts of the fumigant into all holes. The amount of fumigant to be injected is based on the pole circumference at groundline and in accordance with the following table.

Circumference: 22-39 WOODFUME PLUS: 1 pint  
Circumference: 40-65 WOODFUME PLUS: 2 pints

For other types of structural members drill an adequate number of holes spaced and of sufficient dimensions to allow for proper distribution of product. Plug holes with treated wood plugs, using the precaution of wearing safety glasses to avoid splashing any of the liquid into the eyes.
